

GEORGE SOROS OR RON PAUL?

CONGRESS IS DECIDING THE U.N.'S FUTURE...

From the desk of:

Cheryl Burns, Project Chairman
THE AMERICAN MINUTEMAN PROJECT

Dear Friend,

We have only a few months left to stop this.

The United Nations is currently executing a secret plan to become the seat of government for the New World Order...

...a plan that includes the global power to tax you, a U.N. standing army, a World Supreme Court, a land grab of indescribable proportions, the suppression of private gun ownership, a massive new building program to house thousands of additional bureaucrats, and so much more.

Entrenched, internationalist bureaucrats in our own U.S. State Department, aided by millions in hidden cash from left wing creepy billionaire George Soros, think we should bend to the will of the U.N. and allow our United States to disappear in favor of a One World Government.

And they are well on their way to victory.

That's why I must have your help in fighting for one of the most important pieces of legislation ever introduced in the United States House of Representatives -- Congressman Ron Paul's American Sovereignty Restoration Act -- that will save our America from domination by the United Nations.

As you know, Ron Paul retired from Congress in 2013.

But Congressman Mike Rogers of Alabama has picked up the torch and re-introduced the bill in this session of Congress. Now is our best chance ever, with a House and Senate that can pass it and President Trump open to signing it.

Will Congress follow Ron Paul's vision?

Or will they obey George Soros?

That's why I must ask you to please sign the enclosed **CITIZEN CO-SPONSOR AUTHORIZATION FOR H.R. 204** and return it to me immediately.

I urgently need your support now.

(over please)

We have many pro-sovereignty supporters in the House of Representatives who are willing to make a big push in this Congress...

...so I am more hopeful than at any time in recent memory that we can stop George Soros and the other internationalists in Washington...

...and finally save our United States by fully and finally withdrawing from the corrupt and power-hungry United Nations.

But this will only happen if I have you at my side!

Your signed **AUTHORIZATION** gives me your immediate support in this crucial war to save our nation from being swallowed up by the U.N.

Your support as a **CITIZEN CO-SPONSOR** is absolutely necessary right now. This is the best chance we have ever had to pass this vital legislation. And it will be a lasting and fitting honor for Ron Paul, who has never stopped fighting for American sovereignty and has served his nation honorably over a long and distinguished political career.

Your signed **CITIZEN CO-SPONSOR AUTHORIZATION FOR H.R. 204** tells me and every Congressman just how important you think this legislation is. And it will help me gather support for his legislation from other Members of Congress.

That's why I must ask you now: *Are you with the U.N. bureaucrats and the "internationalists" in our own government who would sacrifice our United States of America on the altar of a One World Government?*

Or are you with the American patriots who truly believe that America is, as our great President Ronald Reagan once said, *"The last, best hope of mankind"?*

I must ask you to choose. And I must ask you to do it now.

Please sign and return your **CITIZEN CO-SPONSOR AUTHORIZATION FOR H.R. 204** to me today. Time is vitally important right now as we gather critical support in Washington for this all-important legislation. I need your immediate help if we are to have any chance of victory.

Please help me bring this crucial legislation to the floor of the U.S. House of Representatives. There is no time to lose. Thank you.

The pro-U.N. forces in this Congress, along with George Soros and Deep State internationalists in the State Department, are pulling out all the stops to block this bill. They know just how important it really is.

They are determined to keep us under the thumb of the unelected U.N. bureaucrats and their left-leaning policies -- no matter how badly that damages our nation's sovereignty.

The last thing they want is for Congressman Paul's historic legislation to become the law of the land...

...and finally end our membership forever in the power-hungry and corrupt United Nations.

That's exactly why I must have your signed **CITIZEN CO-SPONSOR AUTHORIZATION FOR H.R. 204** returned to me immediately -- by return mail if at all possible.

Our nation's future hangs in the balance.

That's why I, as Project Chairman of *The American Minuteman Project*, am committing everything to generate the immediate grassroots support so vital if we are to push this legislation through Congress now.

If we miss this opportunity, we may never get the chance again.

Already, I and *The American Minuteman Project* have developed a five-part plan to make certain every patriotic American knows how important it is to force the Congress to vote on this historic legislation. Here it is:

1. I must have your signed **CITIZEN CO-SPONSOR AUTHORIZATION FOR H.R. 204** returned to me immediately. Your immediate personal support of this reintroduction of Congressman Ron Paul's historic legislation is critically important.
2. I must add an additional 100,000 voices to yours. Only if we can collect a huge number of signed **CITIZEN CO-SPONSOR AUTHORIZATION FOR H.R. 204** petitions along with yours, and deliver them by the thousands to the United States Congress, can we be sure that the politicians and bureaucrats will take us seriously.
3. I and *The American Minuteman Project* will gather support for this critical legislation by urgently contacting the Congress on your behalf to convince them that our United States must withdraw from the U.N. if we are to remain a free and independent nation.
4. I and *The American Minuteman Project* will monitor every effort by the United Nations to create a One World Government. We will alert Members of Congress to the impending threats posed by the U.N. to American sovereignty. And we will make certain to inform you and every other patriotic American so that we can work together to save our nation.
5. *The American Minuteman Project* will conduct an aggressive, targeted national media campaign including press, radio and television interviews that will help shine the bright light of truth on George Soros and the corrupt and power-hungry U.N. bureaucrats who want to steal our nation and our sovereignty.

I know that this is an ambitious plan. But I know that if we have your support, it can work. The stakes are high. The resources we'll need will be massive. But the future of our nation rests in the balance. There is no time to lose.

Please, take a moment right now to sign and return your **CITIZEN CO-SPONSOR AUTHORIZATION FOR H.R. 204** to me in the envelope I've enclosed.

And with your signed **AUTHORIZATION** I must ask you to include a contribution to help *The American Minuteman Project* to save our America.

We will never have this chance again. Congressman Rogers has courageously reintroduced Ron Paul's legislation and is fighting for passage. He deserves our strongest support in this crucial battle for our nation's future.

But this is our very last chance.

If we can move right away, we can push this Congress to pass this legislation and free us from domination by the United Nations this year.

(over please)

But if we fail to act, we may be under the thumb of the unelected international bureaucrats at the U.N. forever -- our nation's sovereignty lost and gone for good.

I know that the international bureaucrats at the U.N., corrupt billionaire George Soros and their allies here in our own government have millions of dollars available to them -- much of it taken from American taxpayers -- as they work on their plan to become the seat of government in the New World Order.

And I know that I and *The American Minuteman Project* will never have that much money available. But I also know that we have right and truth on our side. Our battle can be won in the open -- and for far less money. But I must have your support.

I have prepared an emergency, 60-day budget that will let us implement the five-part plan I just told you about. That budget calls for an additional \$54,600 in funding above and beyond what *The American Minuteman Project* has been able to commit so far. And I must raise at least \$33,100 of that within the next 21 days.

That's not all it will take to save our America, but it will give us a good beginning in our battle to stop the U.N. takeover of our nation. Can I count on you?

Please sit down right now and send your most generous contribution to help me and *The American Minuteman Project* save our United States of America. Time is of the essence.

If you can afford it, please send \$2,000 or \$1,500, or maybe \$1,000 or \$500, or \$250 or \$100, or even \$50 or \$35 or \$25. But please, whatever you can send, know that it will be well used in our critical five-part plan to save our nation.

Please, send your signed **CITIZEN CO-SPONSOR AUTHORIZATION FOR H.R. 204** and your contribution right away. This Congress must be forced to vote on this legislation as soon as possible. Every day of delay makes passing Congressman Rogers' legislation much more difficult. There is no time to lose.

Thank you for your support. And God Bless America.

Sincerely,

Cheryl Burns, Project Chairman
The American Minuteman Project

P.S. Please sign and return your **CITIZEN CO-SPONSOR AUTHORIZATION FOR H.R. 204** to me today. Time is running out. This is our last, best chance to get the United States out of the United Nations and the United Nations out of the United States forever. Failure to pass this vital, historic legislation this year -- with a House and Senate open to passing it and President Trump open to signing it -- could permanently end our nation's sovereignty. Thank you.
