

KEEP BLACK AMERICA GREAT!

"To every African-American across our land, you don't have to choose to leave the Democrat Party because the Democrat Party already left you a long time ago..."

"...I will be your greatest champion"
- President Trump

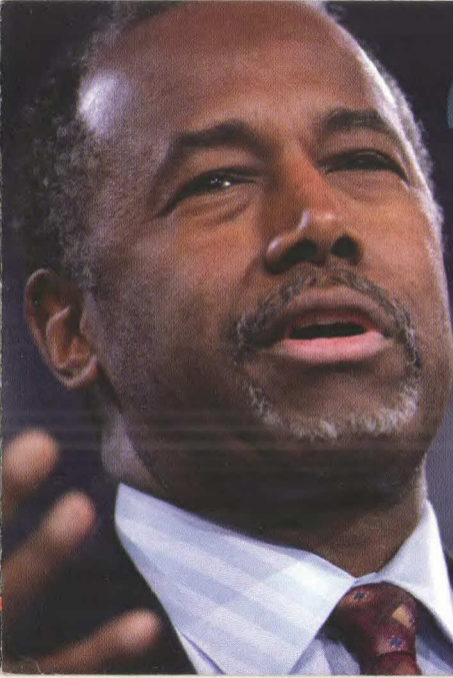

**An Urgent Plea to a Black Voter to
Support President Trump in 2020:**

Name: _____ Date: _____

*President Trump is the most
pro-Black president I've ever seen.*

~ Pastor Darrell Scott

“
Today they (Democrats) say
that if you (Black Americans)
are a conservative, then you
are somehow an ‘uncle tom’, a
‘horrible person’ or a ‘demon’.
What a bunch of crap!

PART 1

**“What the hell do you
have to lose?”**

~ President Trump

Three years ago Donald Trump asked this blunt question to us, as Black voters, across the country while urging us to vote for him.

And do you remember the reaction he got?

Liberals called him a “racist” and “bigot”.

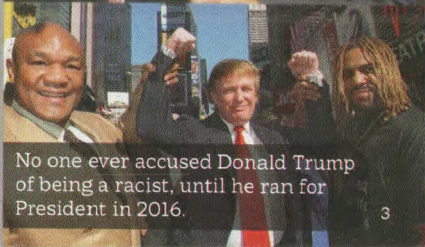

And Fake News destroyed him 24/7.

BUT...

Black voters were listening.

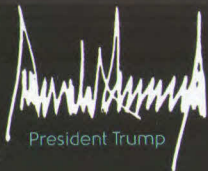

That's because we understood Donald Trump's point:

**Democrats don't care about US!
They only care about OUR vote!**

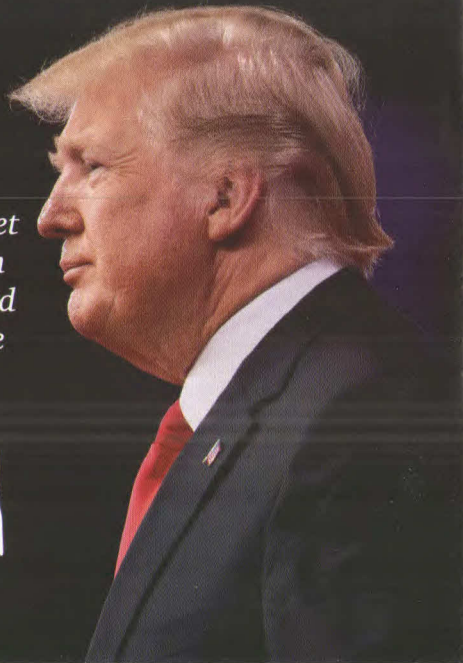

No one ever accused Donald Trump of being a racist, until he ran for President in 2016.

“
*Democrats want your vote.
They're nice to you just before
the election, and then they forget
about you for four years... Then
they come and they hit you hard
for three months... get your vote
and they say 'bye, bye.'*”

President Trump

And why shouldn't we believe that?

Black Americans have voted for Democrats for decades and what do we have to show for it?

 **Democrats sent our jobs overseas (while cozying up to illegals!)**

 **Democrats have trapped our kids in failing schools (keep reading for all the details).**

 **Democrats have destroyed our cities and neighborhoods.**

And worst of all, Democrats have destroyed Black families by murdering over 19 million

unborn babies!

Simply put...

Democrats have destroyed Black America. And Black voters know this better than anyone!

That's why many of us abandoned the Democrat Party and supported Donald Trump in 2016.

"...whether you voted for me or not, I would be your greatest champion."

In fact, these Black voters helped Trump win critical battleground states like Pennsylvania, Michigan, North Carolina, Wisconsin, and Florida.

That was bad enough for the Democrats.

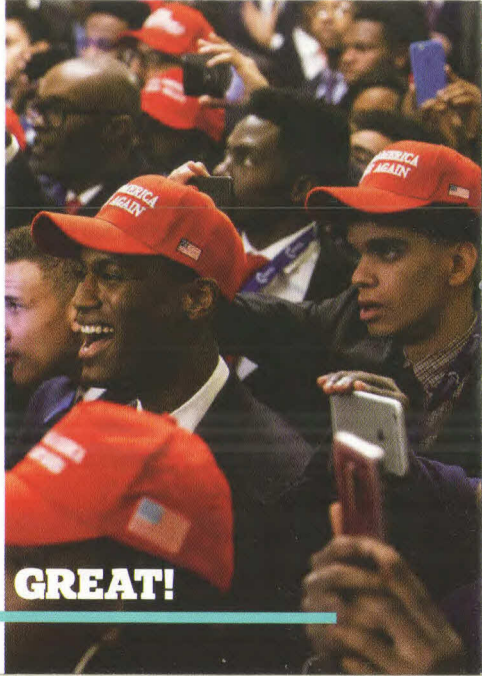

But the worst part for them is that fact that President Trump has DELIVERED on his promise to be Black American's "greatest champion."

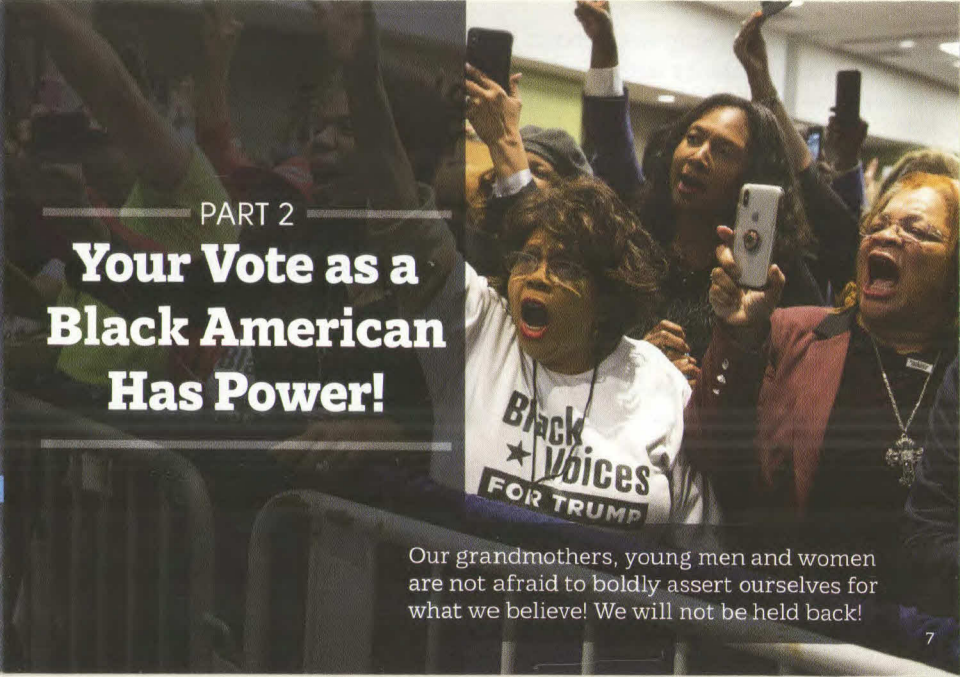

The following pages show exactly how President Trump has worked tirelessly over the past three years to "Make Black America Great Again".

And most important of all...

...this booklet shows Black voters why our vote for President Trump in 2020 will help....

KEEP BLACK AMERICA GREAT!

PART 2

Your Vote as a Black American Has Power!

Our grandmothers, young men and women are not afraid to boldly assert ourselves for what we believe! We will not be held back!

Since President Trump was elected in 2016, his popularity with Black Americans like us has skyrocketed.

In fact, recent Rasmussen polls show that President Trump has around a 30% approval rating among Black voters. **30%! That's HUGE!**

Democrats know this and are TERRIFIED that they are now going to lose OUR VOTES! And they should be afraid! President Trump has done more for us in three years than Obama did in eight!

Not surprising considering President Trump's economic BOOM that has lifted 150,000 Black children out of poverty and created the lowest recorded Black unemployment

rate of 5.4%! And that's on top of his prison reform, added funding for Historic Black Colleges and Universities and push for school choice (all detailed in Part 3A of this booklet)!

After all, they understand that if they lose just 15% of the Black vote, they'll never win election again. Just 15%!

Democrats can NEVER let this happen. So they're doing everything possible to scare us and hide everything President Trump has done for us.

"The Republican Party was the original home of African-Americans. And now, African-Americans are returning."

- President Trump

They're doing that by colluding with Fake News to bash President Trump as a...

... "racist", "bigot" and "white nationalist". The irony is that the real home of racism is the Democrat Party.

PART 3

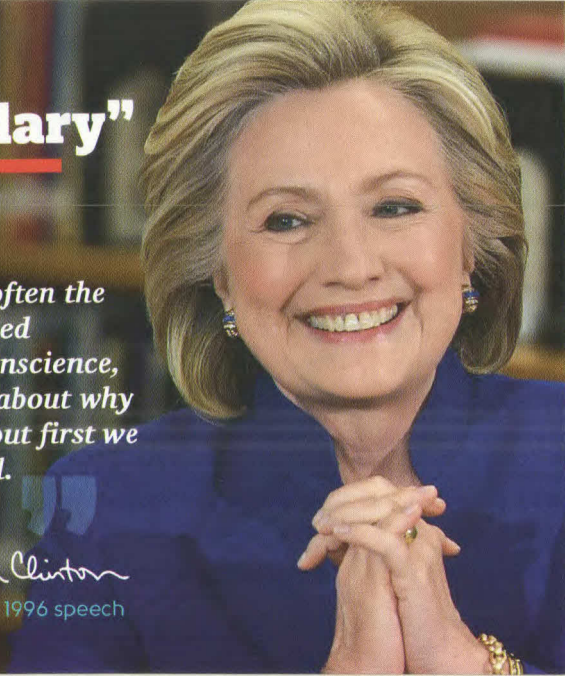

Modern Day Jim Crow Racists: **DEMOCRAT PARTY 2020**

“Crooked Hillary”

“
They [black youths] are often the kinds of kids that are called ‘super-predators,’ ...No conscience, no empathy, we can talk about why they ended up that way, but first we have to bring them to heel.”

Hillary Rodham Clinton

1996 speech

VICE PRESIDENT JOE BIDEN CHAMPION GAFFE MAKER

“
And by the way, you know, I sit on the stand [lifeguard stand], and I've got hairy legs that turn blonde in the sun, and the kids used to come up and reach in the pool and rub my leg down so it was straight, and then watch the hair come back up again. So I learned about roaches and kids jumping on my lap, and I love kids jumping on my lap.”

”
- Joe Biden describing his former job as a lifeguard at a predominately Black pool.

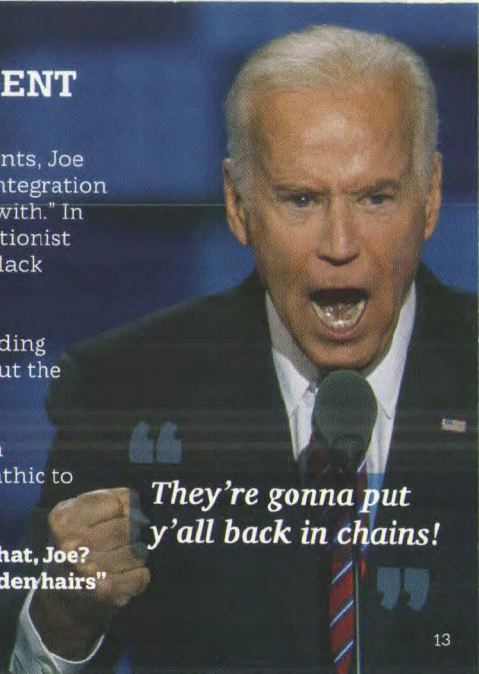

2020 DEMOCRAT CANDIDATE FOR PRESIDENT

In addition to his racist and creepy comments, Joe Biden once called state mandated school integration “the most racist concept you can come up with.” In fact, Biden sought help from white segregationist democrats to block integration and keep Black children in separate, but unequal, schools.

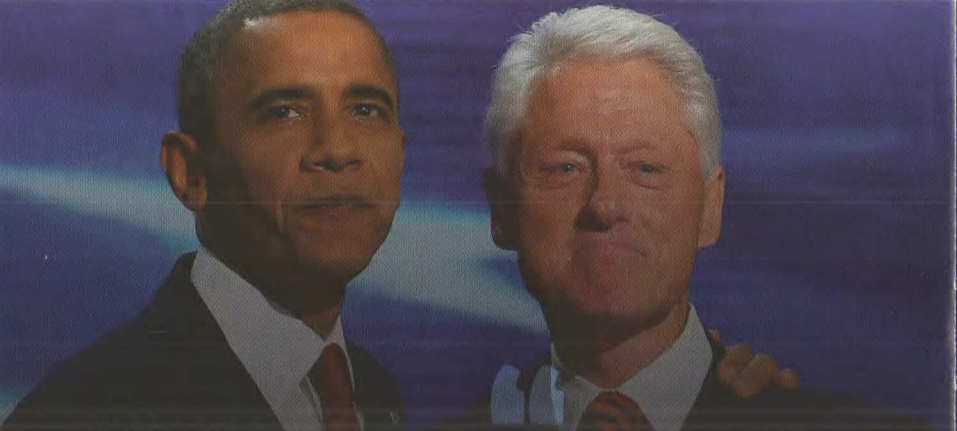

On top of that, this political hack was a leading proponent of mass incarceration throughout the 1980s and 1990s.

Worst of all, Biden once referred to African American felons as “predators” too sociopathic to rehabilitate.

How DARE you treat Black Americans like that, Joe? You don't talk to white voters about the “golden hairs” on your leg or threaten them with chains!

*They're gonna put
y'all back in chains!*

**“SLICK WILLIE”
PRESIDENT CLINTON**

A few years ago, [Barack Obama] would have been getting us coffee.

Bill Clinton

DEL. MARY ANN LISANTI (D-HARFORD)

Maryland lawmaker, Del. Mary Ann Lisanti (D-Harford), recently told a white colleague that campaigning in Prince George's County (a county with 65% Black population and highly affluent) is like door-knocking in a....

“N****r District”

Amazing...Prince George's County is the 69th richest in America, and Democrats like her still call us n****r!

Just another example of a “tolerant” liberal showing her true colors.

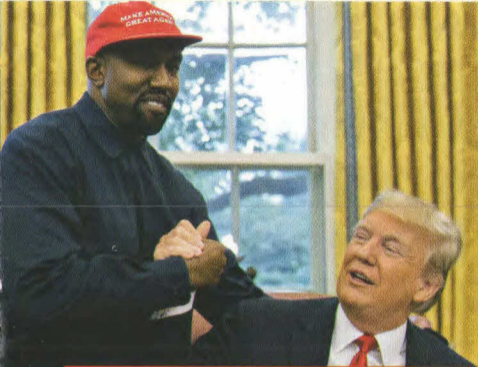

BLACK FACE

GOVERNOR RALPH NORTHAM

Recently, a photo emerged showing Virginia Governor Ralph Northam allegedly dressed up in a “black face” or KKK sheets.

Despite apologizing for this, Northam refuses to resign. Can you imagine the uproar if he was a Republican?

Maxine “Mad Maxine” Waters

In 2019 hip hop artist Kanye West visited President Trump in the White House praising him for his dedication to improving lives for Black Americans.

When Maxine Waters “Mad Maxine” saw this, she immediately warned Kanye by saying:

“Sometimes West talks out of turn and perhaps he needs some assistance in helping him to formulate some of his thoughts....And I think maybe he should think twice about politics – and maybe not have so much to say.”

School Choice

Black Students Matter

- **Trump:** Favors School Choice for all, and increasing vouchers and scholarships for Black kids.

- **Jim Crow Democrats:** Support school choice for their kids, but deny to everyone else.

Once upon a time, government run schools provided upward mobility to those who were poor. Especially those in urban ghettos.

Not only did these schools teach reading, writing, and math, they also taught American exceptionalism, limited Constitutional government, the free market, and the foundation of the greatest country in the world is that rights come from God, not man.

Sadly, instead of teaching these things, schools today hand out condoms, preach hate about America, and trample on the values held by decent folk, both

white and Black.

Democrats are sacrificing our kids, especially in the inner cities, to enrich corrupt unions.

No wonder during the 2016

African-American citizens have sacrificed so much for our nation. They fought and died in every war since the Revolution and from the pews and the picket lines, they've lifted up the conscience of our country in the long march for civil rights. Yet too many African-Americans have been left behind.

election, Trump called school choice the “**civil rights issue of our time**,” especially for African Americans.

And one of the greatest areas African Americans suffer is school choice.

This is all thanks to racists in the Democrat Party who deny Blacks vouchers and school choice.

The truth is that the Democrats bowed at the feet of special interests (teacher's unions!) and trapped Black children in failing schools.

President Trump believes that in

America, no parent should ever be forced to send their child out the door to a failing government school.

That's why he is fighting for school choice, home schools, and everything that will give a world class education to Black kids.

Obama's Outrageous Sin Against Our Kids

One of the biggest sins Obama ever committed against Black kids was when he ended the very successful D.C. school voucher program.

That's right, the same man who gave lip service to education reform

wasted no time shutting down a school voucher program that was highly successful for Black children.

No wonder liberal pundit and columnist Juan Williams called this "Obama's outrageous sin

against our kids.”

Think about it...this is a man who sends his kids to the most prestigious private school, but then has his henchmen pay off the teachers' union and end the hopes of THOUSANDS of Black parents to send their children to better schools.

HYPOCRITE!

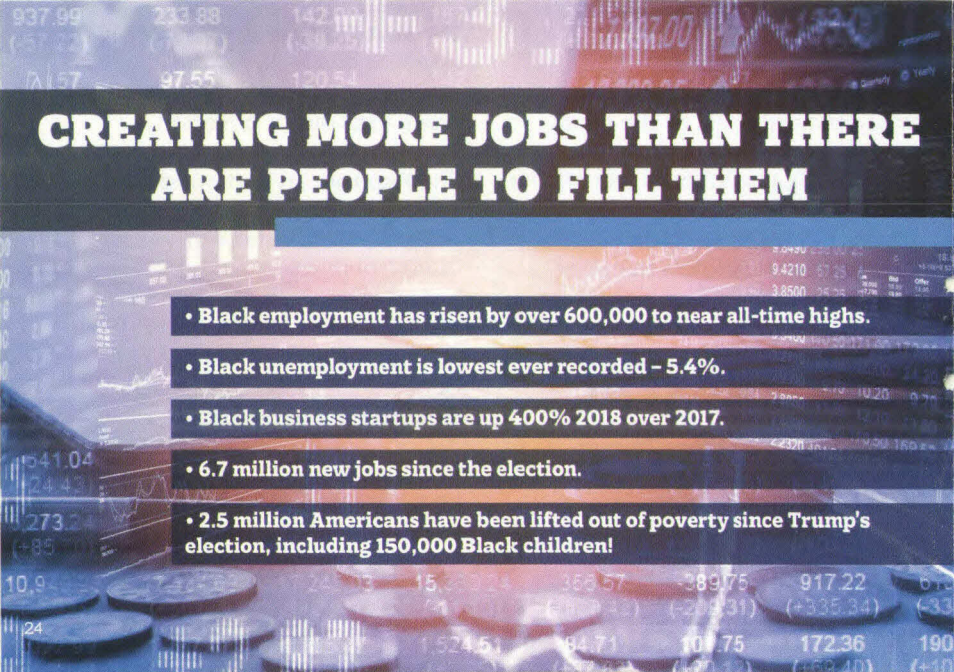

Thankfully, President Trump restored the D.C. Opportunity Scholarship program, and with it, the hopes of Black parents for their children.

The truth is that the Democrat Party opposes home schooling, charter schools, and anything that will lift Black kids out of poverty.

The Republican Party and President Trump supports school choice, home schools, and your values.

In fact, 18% of Black women in Florida (over 100,000 voters) recently propelled Republican Gubernatorial candidate Ron Desantis to victory. **Why?**

Because he supported school choice while the Democrat Andrew Gillum did not.

The background of the entire image is a collage of financial data. It features various charts, including bar graphs and line graphs, overlaid on a grid of numbers. Some numbers are in red, indicating a decrease, while others are in green, indicating an increase. The overall color palette is dominated by dark blues, greys, and reds, giving it a professional, data-driven appearance.

CREATING MORE JOBS THAN THERE ARE PEOPLE TO FILL THEM

- **Black employment has risen by over 600,000 to near all-time highs.**
- **Black unemployment is lowest ever recorded – 5.4%.**
- **Black business startups are up 400% 2018 over 2017.**
- **6.7 million new jobs since the election.**
- **2.5 million Americans have been lifted out of poverty since Trump's election, including 150,000 Black children!**

- **Trump:** Supports empowering Black Americans though more jobs, higher wages, more businesses and big increases in the value of 401K retirement plans.

- **Jim Crow Democrats:** support putting able-bodied men without dependents on welfare, killing jobs with higher taxes and regulations, and lowering retirement funds.

Barack Obama won over 90% of the Black vote, but left Black voters worse off than we were before he was in office.

Black income, home ownership, and employment rates fell more than any

other racial group.

Yet, since President Trump took office, Black American employment has risen by over 600,000 to near all-time highs, and Black business start ups are up 400% 2018 over 2017. Even better, President Trump's economy has created over 6.7 million new jobs since the election.

No wonder the unemployment rate for Black Americans is the lowest ever recorded at 5.4%!

Best of all, nearly 2.5 million Americans have been lifted out of poverty since Trump's election, including 150,000 Black children!

That's spells doom for Jim Crow Democrats and explains why they're playing the race card.

Abortion

Black Babies Matter

- **Trump:** Supports life and hates the concept of abortion. Like all Republicans, he wants to save babies regardless of color.

- **Jim Crow Democrats:** Support killing Black babies.

Democrats want everyone to know that they're "pro-choice." But what they don't like to talk about is how over 900 Black babies are aborted every day!

That comes out to more than 19 million Black babies killed since the 1973 Roe v. Wade decision. Just as disgusting, those body parts are often sold.

Talk about genocide!

If that isn't bad enough, have you ever heard of Margaret Sanger?

Sanger created what eventually became Planned Parenthood Federation of America – the group responsible for aborting millions of Black babies.

Just look at what she thinks about Black babies.

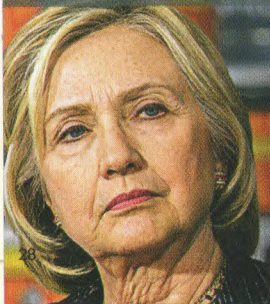

Or how about what **prominent Democrat politicians** think about her?

“Colored people are like human weeds and need to be exterminated.”

~ Margaret Sanger

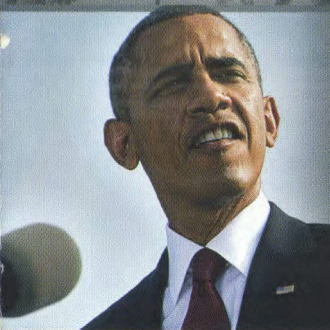

“I admire Margaret Sanger enormously, her courage, her tenacity, her vision...”

~ Hillary Clinton

*“The most merciful thing that a large family does to one of its infant members **is to kill it.**”*

Margaret Sanger
Founder
Planned Parenthood

“We are truly grateful to you. Thank you, Planned Parenthood. God bless you.”

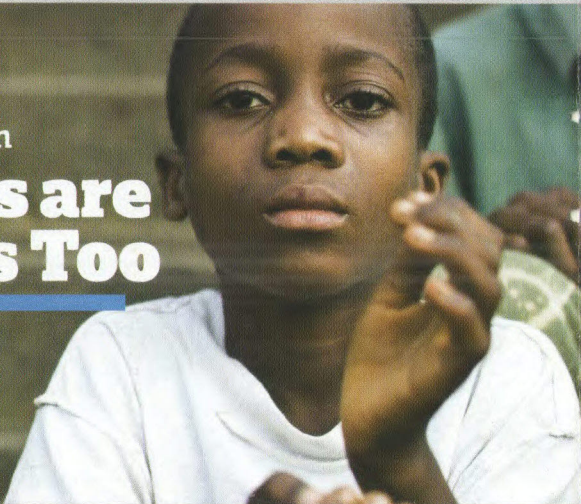

Barack Obama
President
United States

Meanwhile, President Trump has worked tirelessly to defund 900 abortion facilities saving countless Black babies!

So the next time a Democrat asks for your vote, I hope you'll ask them why he or she does not want our children.

Immigration

Black Kids are Dreamers Too

Black children are dreamers too.

But the Democrat Party places the interests of illegal aliens over American citizens. Heck, they even shut down the government for illegals.

Why are they doing this?

Simple: the Democrat Party knows they can no longer get a majority of the votes of native born Americans, so they must import foreigners.

That makes Black Americans expendable.

The Democrats new motto is no borders, no wall, no USA at all!

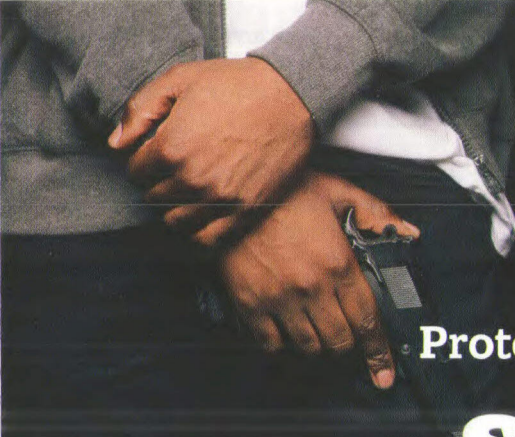

And illegals aren't just taking the

jobs that Americans "won't do." They are putting Black contractors, Black bricklayers, and other Americans out of business.

President Trump and the Republican Party want to make sure only citizens can vote in our elections. He wants to secure our borders, and deport all illegals who are committing crimes in our communities.

In short, he wants to put America and Americans first.

Protecting Families
with the
**Second
Amendment**

- **Trump and Republicans** - Support Blacks' - and all Americans - right to keep and bear arms.

- **Jim Crow Democrats:** support disarming Americans by confiscation or by making guns and ammo too expensive to buy.

Citizens are Armed. Subjects and Slaves are Disarmed

History tells us that armed Blacks in the south were able to defend themselves from the Klan and the night riders.

When police in Louisiana sought

illegally to stop Black teens from protesting for civil rights, the Deacons for Defense and Justice, armed Black men, arrived and started calmly loading shotguns.

The police backed off and did not harass the protesters any more.

Republicans and President Trump believe in:

Eliminating gun free zones that are havens for evil doers intent on murder and mayhem.

Creating and expanding 2nd amendment ministries in more churches, to enroll more youths in gun safety and marksmanship youth programs.

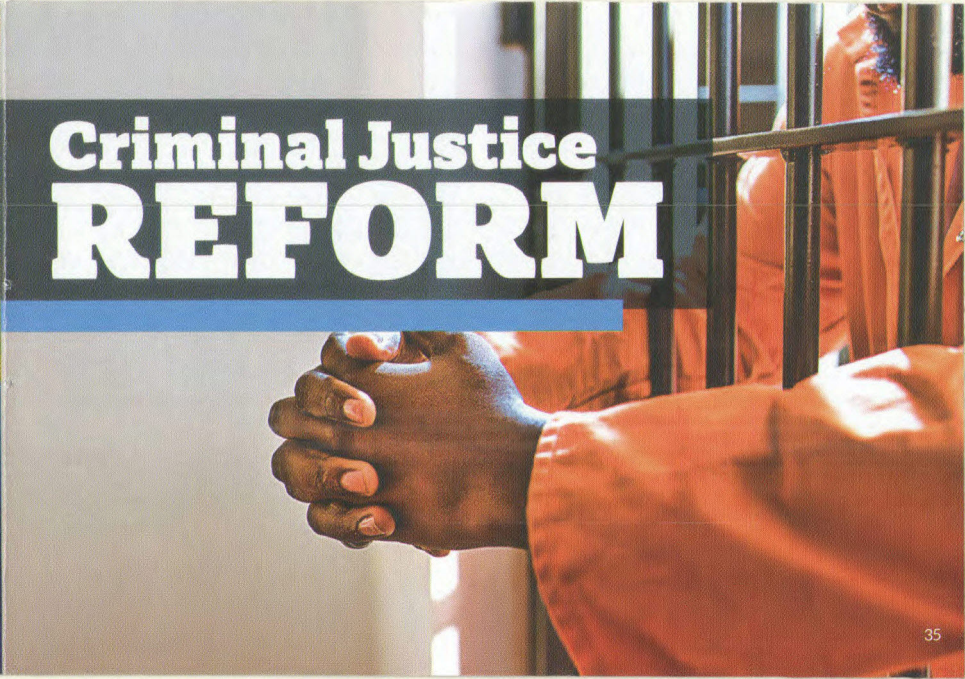

Repealing the last Jim Crow law on the books - the pistol permit from the sheriff, historically used to disarm Blacks.

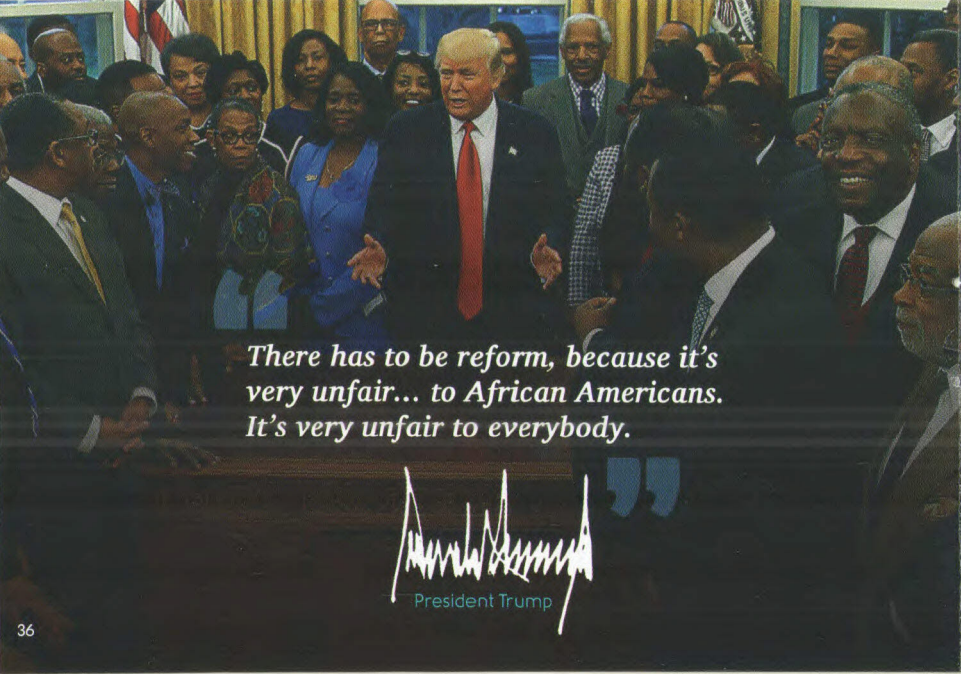

And ensuring that every law abiding citizen is armed and knows how to use those weapons both for personal safety and to deter tyranny.

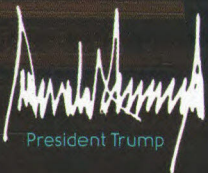

Criminal Justice **REFORM**

A photograph of President Donald Trump in a dark suit and red tie, speaking to a diverse group of African American men in suits. The setting appears to be a formal room with American flags in the background. The text is overlaid on the bottom half of the image.

*There has to be reform, because it's
very unfair... to African Americans.
It's very unfair to everybody.*

A stylized, white, jagged signature of Donald Trump, resembling a waveform or a scribble, positioned above the text 'President Trump'.

President Trump

“President Trump and Congress recently passed a bi-partisan criminal justice reform bill that will “make our communities safer and give former inmates a second chance at life after they have served their time.”

I say “**AMEN**” because Black men and women would benefit the most from this much needed reform. After all, we’ve been disproportionately impacted by the Clinton Crime Act of 1996.

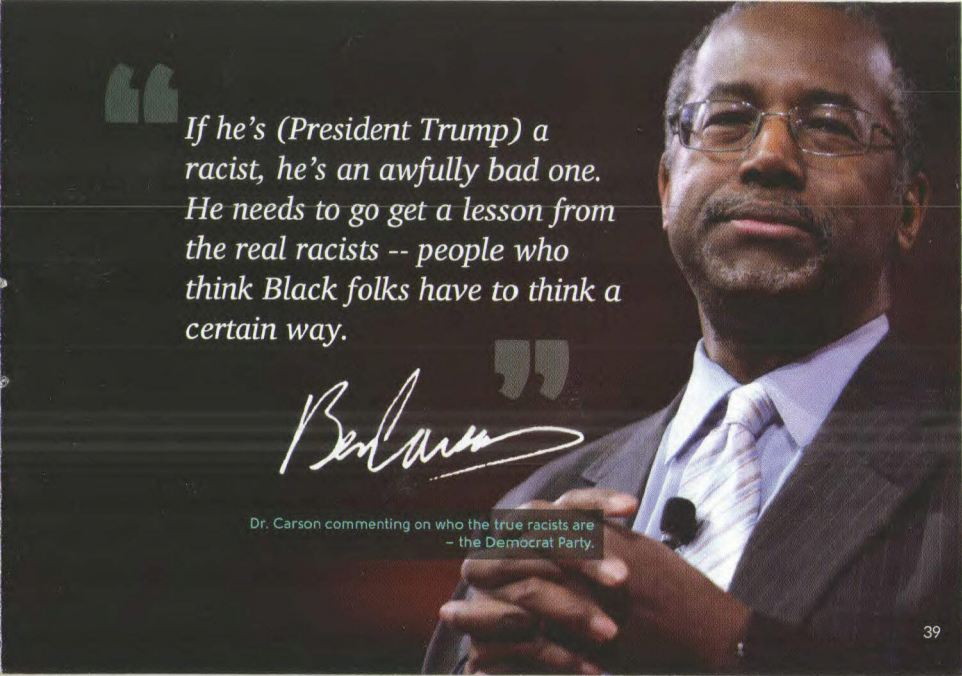

Passed by **Jim Crow Democrats**, this law tripled the number of federal

prisoners – mostly Black Americans! President Trump’s reform package will help African Americans by:

- ✓ Reducing mandatory minimum sentences for non-violent offenders.
- ✓ Increasing reading, GED, and job training programs for offenders.
- ✓ Placing prisoners closer to their families.
- ✓ Banning the shackling of pregnant and postpartum women prisoners.
- ✓ And much more!

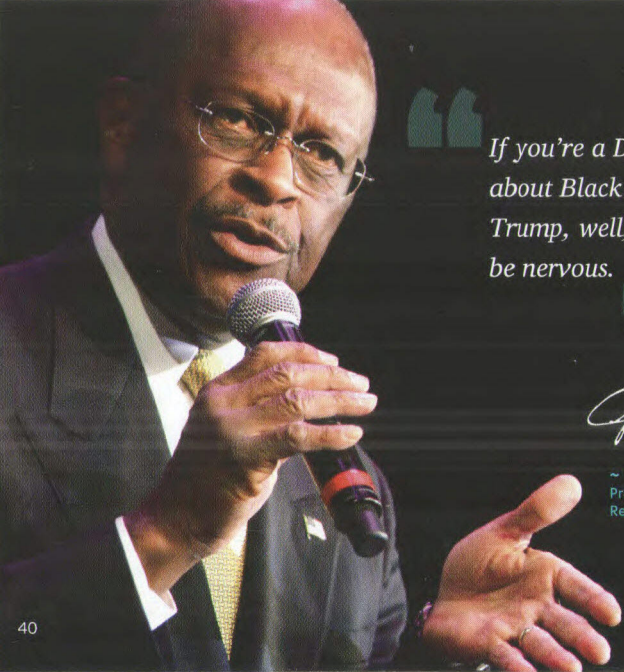

“Alice Johnson had already served 21 years of a life sentence for non-violent crimes when President Trump pardoned her. This is why Black Americans need Trump’s reform bill.”

“
If he's (President Trump) a
racist, he's an awfully bad one.
He needs to go get a lesson from
the real racists -- people who
think Black folks have to think a
certain way.
”

Ben Carson

PART 4

**KEEP BLACK
AMERICA GREAT!**

Keep Black America Great!

I hope this little book has opened your eyes to how the Democrat Party has kept Black Americans like us under heel for generations in order to get our vote.

I pray you'll support Black American's to Re-Elect the President as we support President Trump's efforts to:

- ✓ Save Black babies.
- ✓ Provide school choice for Black kids.
- ✓ Create more jobs, higher wages and more businesses so more Black

Americans can achieve the American Dream.

- ✓ Stop the invasion of illegal aliens.
- ✓ Arm all law abiding citizens so they can protect themselves.

Not only will your support help make sure President Trump receives enough of the Black vote to win in 2020, you'll also help...
