

COMMON CORE SURVEY

Common Core allows Washington liberals to dictate

“Give me four years to teach the children and the seed I have sown will never be uprooted.”

--Vladimir Lenin

“Let me control the textbooks and I will control the state.”

-- Adolf Hitler

Early Monday Morning

Dear Fellow Conservative Patriot,

Radical leftists have taken over our children's education.

That's why I've enclosed this urgent COMMON CORE SURVEY for you today.

They're using Obama's Common Core standards to rip control of our schools from your local community and give it to liberal federal bureaucrats.

Common Core allows Washington liberals to dictate:

- What is taught — Washington tells teachers the curriculum to teach — parents, local school boards and teachers are cut out.
- How to teach — Federal bureaucrats decree exactly HOW teachers teach, including a complicated and confusing new process for simple math problems. Innovative teachers are shut down and have to comply with the new federal way of teaching.

Simply put, Common Core is a complete federal takeover of our school system.

Local teachers, school boards and parents do not have a say in the education of our children...

Washington bureaucrats are the new bosses — they're the ones in control.

This is the plan of radical liberals.

They know that if they can indoctrinate the next generation of children to share their liberal beliefs about America and our

Page 1 (over)

values they can reach their ultimate goal...

...to fundamentally transform America into a Socialist country.

Where the government is the ultimate power — not the people.

And I'm sorry to say that Common Core is NOT a limited problem. As I write this letter over forty states have already adopted the Common Core standards.

You may wonder how Obama got so many states to accept the radical Common Core standards.

They did it the best way they know how...

By bribing states with millions in tax dollars for their schools to implement the Common Core.

So not only did they force their radical liberal standards on the next generation of children — they are paying for it with your tax dollars!

And as with all these giant government programs, this one comes with a huge price tag.

Common Core has already cost over \$100 billion to implement across the country.

We have to implement Trump's plan to kill Common Core and stop the radical leftists. We cannot allow them to indoctrinate our youth with their radical views.

Parents must be free to educate their children as they see fit — without the federal government forcing them to learn a new twisted American history.

Obama's Common Core standards include a radical liberal ideology throughout many of the lessons — with political messages "hidden" in the math and reading worksheets.

Liberals believe Common Core will permanently twist our children into sharing their radical ideas.

So please do not delay. Use the enclosed *pre-addressed reply envelope* to rush me back your completed **COMMON CORE SURVEY** within the next 72 hours.

Common Core was created by a Washington group funded by

rich liberal billionaires like George Soros...

...with almost no input from teachers, principals or parents.

Which is exactly what they wanted.

They don't want your input. They don't believe you should have a say in what the government is teaching your children.

The radicals believe what is taught to our children is for the federal government to decide.

Common Core is bad for everyone involved.

Common Core hurts students, teachers, parents and taxpayers — it must be stopped.

Which is why I'm asking you to — in the next 72 hours — rush back your completed COMMON CORE SURVEY.

And Common Core has already been adopted in over 40 states.

There is a hint of good news — as people learn about what Common Core really is they are outraged.

That is where you come in. The only way we're going to stop Common Core is to:

1. Activate Patriots around the country to stand up and fight back against Common Core.
2. Force every Governor to kill Obama's radical Common Core standards.

That is why I'm asking you to do two things for me today.

The first is to complete and rush back your COMMON CORE SURVEY to me.

Your completed Survey will be used to educate the media, Governors, and Patriots across the country about how people really feel. The results will show that millions across the country want to reject these radical new standards.

The second favor I need from you today is to send back an urgent one-time donation of \$23 with your completed Survey.

Your \$23 one-time donation will be used to send an additional 51 COMMON CORE SURVEYS to like-minded patriots across

the country.

Because, let's be honest, the only way to kill Common Core is with an overwhelming campaign across the entire country.

That's why your \$23 donation is so critical. We must bring more people to our cause and get them to act.

People are taking notice of how bad Common Core is. But we must act immediately if we're going to get them on our side and stop the new standards in their tracks.

I'm sorry, but if we wait or delay it will be too late. We must act now. That's why if you're blessed enough to make a larger donation of \$35, \$50, \$75, \$100 or more I would be eternally grateful.

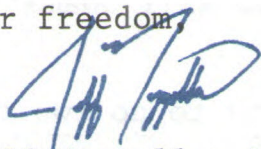

Just know that your one-time donation of \$23, \$35, \$50, \$75, \$100 or more will be put to immediate use to stop Obama's radical federal takeover of our children's education.

Please act today. Complete and rush back your COMMON CORE SURVEY along with your one-time donation of \$23 or more back to me in the next 72 hours.

We must stop Common Core — it is bad for taxpayers, students, teachers and the future of this great country. We cannot allow the radical leftists to corrupt our children.

Thank you for reading my letter and for everything you do to help America. I hope to hear back from you very soon.

For freedom
