*Host of Fox News' "Justice with Judge Jeanine"*

Dear Friend,

I'm Jeanine Pirro. You may know me from Fox News, where I host "Justice with Judge Jeanine" every Saturday night.

As a former prosecutor and judge I passionately care about making sure victims of wrongdoing get justice.

I've sent you this letter today because a series of major offenses have been committed and the perps who did it have thus far walked away scot-free. And I need your help today to right these wrongs. Just use the enclosed reply to let me know whether I can count on you today.

In fact, I've written a new book exposing these misdeeds and in a moment I'll let you know how you can get your own copy of *Radicals, Resistance, and Revenge: The Left's Plot to Remake America*.

But first let me layout my case.

There is a mountain of evidence that former Obama officials and the deep state are doing everything in their power to destroy

Donald Trump and his presidency.

Just look at the facts:

- The Obama Justice Department was so determined to get Hillary Clinton elected that they let her skate on her email transgressions and cover-up and instead investigated made up allegations against Trump's Campaign.
- The highest levels of the government worked to damage Donald Trump by leaking false, but highly damaging information. I'm talking about the then head of the FBI - James Comey - and the Director of National Intelligence - James Clapper, to name just a few.
- The Obama Administration used opposition research paid for by the Hillary Clinton campaign as an excuse to place a spy in the Trump Campaign.
- And President Obama himself created new rules allowing government agencies to more easily "share" classified information sending the message to his people "LEAK YOUR HEART AWAY ON TRUMP!"

I for one am sick and tired of these radicals attacking our President and democracy.

Enough is enough!

That's why I hope you won't hesitate one second before using the enclosed reply form to let me know whether you will help fight

back against these disgraceful thugs.

Make no mistake: Barack Obama, Loretta Lynch, James Comey, John Brennan and James Clapper may have left the government.

But many of their cronies remain in the government as part of the deep state and they continue to resist the President's orders and leak damaging information.

They call themselves the "resistance."

That's not their role.

They're supposed to be public servants.

They don't get to decide policy and what direction our government goes in.

The American people do!

And the American people spoke in a loud and clear voice when they elected Donald J. Trump our president.

If government bureaucrats loyal to Obama don't like it, they can leave.

But I'm not going to stand by and do nothing as they do everything in their power to make sure this President fails.

That's wrong.

It's un-American.

And someone's got to do something about it.

That's why when good friend and colleague

David Bossie asked me if I would lend a hand to support *Citizens United*, I didn't hesitate for a moment.

**Because no other conservative organization has stood by Donald Trump's side longer than *Citizens United*.**

You see, while others were laughing off Trump and the incredible movement he was creating, *Citizens United* worked hand-in-hand with him to build it:

\*\*\* Donald Trump appeared in *A City Upon a Hill: The Spirit of American Exceptionalism* - a moving documentary film about the greatness of America filmed on behalf of *Citizens United*.

\*\*\* *Citizens United* provided Donald Trump with his very first political platform by having him speak at their 2014 Freedom Summit in New Hampshire, where he first laid out his agenda for America.

\*\*\* When Trump clinched the presidential nomination, *Citizens United's* President and my friend David Bossie took an unpaid leave of absence to serve as Trump's Deputy Campaign Manager.

And it was one of Citizen United's Freedom of Information Act requests that uncovered the Obama Administration was told point-blank that the so-called "Russian

Dossier" had been written for "political" purposes.

MAKE NO MISTAKE: No other organization is in a better position to advance Donald Trump's agenda today than *Citizens United* because no other organization has been with Trump from the start.

**And *Citizens United* will continue to lead in promoting President Trump's conservative, America First agenda...**

**...but they need your help to do it.**

So I hope when you send back your response today you'll also become a member by including a one-time contribution of \$45. That's \$45 to support our 45th president's agenda.

I believe *Citizens United's* work is so important that I've arranged for them to send you a copy of my new book *Radicals, Resistance, and Revenge* when you make a membership contribution of \$45 or more.

And if you can make your donation \$100, I will be happy to sign your copy!

My new book is one that every American should read because it exposes the many offenses the Obama Administration committed in trying to destroy Donald Trump.

Today you can fight back against the enemies of the Trump Administration by

becoming a member of *Citizens United*.

**Remember, *Citizens United* is devoted to supporting, arguing, and fighting for President Trump's conservative policy agenda.**

So if you can afford to give more - \$100, \$250, \$500, \$1,000, or even more - it would make a huge difference.

Now I understand if you can't send that much, but I hope given the stakes that you'll at least send a \$25 or \$35 membership contribution.

I hope I can count on you.

Sincerely,

Judge Jeanine Pirro

P.S. Please rush your response to me in the next 72 hours along with your one-time membership gift of \$25 or more. I want you to know you'll be joining one of the finest and most influential grassroots organizations in the country.

P.P.S. If you're able to send a membership contribution today of \$45, you will receive a copy of my new book *Radicals, Resistance, and Revenge: The Left's Plot to Remake America*. For your membership contribution of \$100 or more I'll be sure to autograph your copy!

**Thank you for your generous support today.**
