HIGH PRIORITY GRAM™

*137 House Democrats just took the first step to begin
impeachment hearings against President Trump!
Now I urgently need your help to protect the President!*

Dear Mr.

I sent you this one of our urgently needed \$2 bills in a High Priority Gram for two very important reasons. First...

Special Counsel Mueller recently testified in front of Congress and gave a "nod of approval" to Nancy Pelosi and all her comrades in the House to use the "evidence" from his report to officially begin impeachment hearings against President Trump. And now...

...137 House Democrats just took the first step to officially look into impeaching President Trump!

And you can be sure it won't stop there!

No, not a chance. If they can impeach him (and especially if they can't), you can bet that they'll do everything in their power to prosecute and...

...imprison President Trump after he leaves office!

Now our great President needs our help!

That brings me to the second reason I sent you one of our \$2 bills today.

**Freedom Watch - America's True Justice
Department - is the Only Group Fighting to
Defend President Trump and Indict and Prosecute the
Leftists Behind the "WITCH HUNT"!**

That's right, . Unlike other groups like Judicial Watch (the group I founded years ago) that only seek to obtain documents and parade them around on news outlets like Fox News, Freedom Watch and myself - America's toughest lawyer - are doing the heavy lifting to defend the President.

And stop Democrats from impeaching him!

And don't count on the new Attorney General William Barr to step in and be much help to prevent this.

In recent weeks he and his Deep State prosecutors at the Department of Justice declined to prosecute former FBI Director James Comey for his crimes!

And on two separate occasions AG Barr took a dive, like a prize fighter who was throwing the bout to the other boxer! This tells you that AG Barr and his department are of little to no use!

That's why you and I are now duty bound to protect the President and bring legal justice to the Democrats!

Democrats like Nancy "The Wicked Witch of the West" who recently said she's eager to use Mueller's report to impeach him and then...

"SEND HIM TO PRISON!"

You know why she wants to do this?

So she can seize control of the republic and allow her socialist Democrat hack colleagues to impose socialism, anti-Semitism, anti-Christianity, atheism, more illegal immigration, and other radical measures on us!

The only way we can stop this, and protect President Trump is by legally prosecuting these Democrats ourselves!

Thanks to patriotic supporters like you, Mr. Rogers, that's exactly what we're doing!

You know better than anyone how Freedom Watch has already indicted "Disgraced and Disgruntled" Special Counsel Mueller and we plan on proceeding on trying him in our citizen grand juries.

On top of this, we plan on indicting and prosecuting other Democrats behind this attempted coup like Nancy "the Wicked Witch of the West" Pelosi, Assistant AG Rod "Benedict Arnold" Rosenstein, Jerrold "Fat Jerry" Nadler, and many more!

In fact, I included a separate infographic that lists many of our current lawsuits and indictments against these political hacks.

And speaking of these Democrats...

**137 House Democrats Just Took the First Step
to Look Into Impeachment
Hearings Against President Trump!**

137! That's MORE than enough momentum to get moving towards

officially starting the impeachment inquiries.

Once that happens, they'll be nothing to stop crazy Democrats like Maxine Waters, Omar and Tlaib (the Muslim radicals) and every other Democrat from impeaching our great President!

If that's not bad enough, Democrats have another plan in their back pocket.

Have you ever heard of the Emoluments Clause?

It's part of the Constitution that forbids Presidents from receiving any income or gifts (beyond his regular government salary) from a foreign government, the US government, or any state.

I'm sure you've heard this all over the news lately.

In fact, CNN (not that you'd watch this "fake news") has been flooding the airwaves with it.

Just look!

These leftists just don't know when to quit!

But here's their BIG problem...

They have no evidence that President Trump ever violated this clause! No kidding! That's because he has never violated it!

But since when has a lack of evidence ever stopped Democrats from trying to impeach President Trump?

That's why you and I need to fight back to STOP them and protect the President now!

And it's why I hope and pray you'll rush back your tax-deductible \$75, \$100, or even another generous \$50 gift today.

That way we can protect President Trump by preparing our Citizen Grand Juries to "try and fry" Mueller (who we already indicted), and prepare to indict all of the other Democrats behind this attempted coup!

Like many of the 137 Democrats who just moved forward with an impeachment inquiry against Trump.

Your tax-deductible gift of \$75, \$100, or even another \$50 today could literally mean the difference between seeing this headline all over the media:

**"House Democrats Tightening the Impeachment Noose
Around President Trump's Neck, and even Threaten to
Imprison Him After He Leaves Office!**

Or...

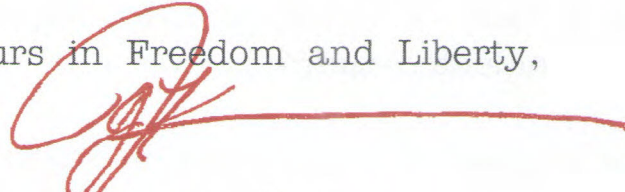

**"Trump Gets Last Laugh: Mueller and Democrats Behind
Attempted Coup Found Guilty
and Sentenced to Prison!**

Which one would you rather see? I know where I stand - right

next to the President!

I hope you're standing next to us, Mr. Rogers. God bless you, President Trump, and America.

Yours in Freedom and Liberty,

Larry Klayman, Esq.

P.S. - There's not much time! 137 Democrats just signaled their approval to being impeachment inquiries against President Trump! Even worse, Nancy "*The Wicked Witch of the West Coast*" has made it very clear that she would like to prosecute and imprison President Trump after he leaves office!

That's why I'm hoping and praying you'll rush your most generous tax-deductible gift right now - or at least in the next three days. That way we can hire more trial lawyers, paralegals and staff, as well as to fund these very costly and hard-hitting Citizens Grand Juries that will finally allow us to put Mueller - and all the Democrats behind this attempted coup - where they belong: behind bars! On top of that, your gift will help us prosecute our hard-hitting cases we need to win to assure our success on behalf of you, your loved ones, the American people and our great President Donald J. Trump.

P.P.S. - Mr. Rogers, I sent you this special poster of President Trump because you need to know that, even though Mueller, Pelosi and their Angry Gang of Vicious and Rabid Democrats spent the last two years targeting Trump, they're actually going after patriots like you and me! After all, President Trump is the only man standing between them and patriots like us.

That's why I'm risking everything to protect Trump today, and why I pray you'll join our efforts. God bless you, God bless President Trump, and God bless America.
