

2020 will be unlike anything we've ever seen

The only way we're going to escape the horrors of socialism is if we conservatives come together and take a firm stand to stop this Far Left madness!

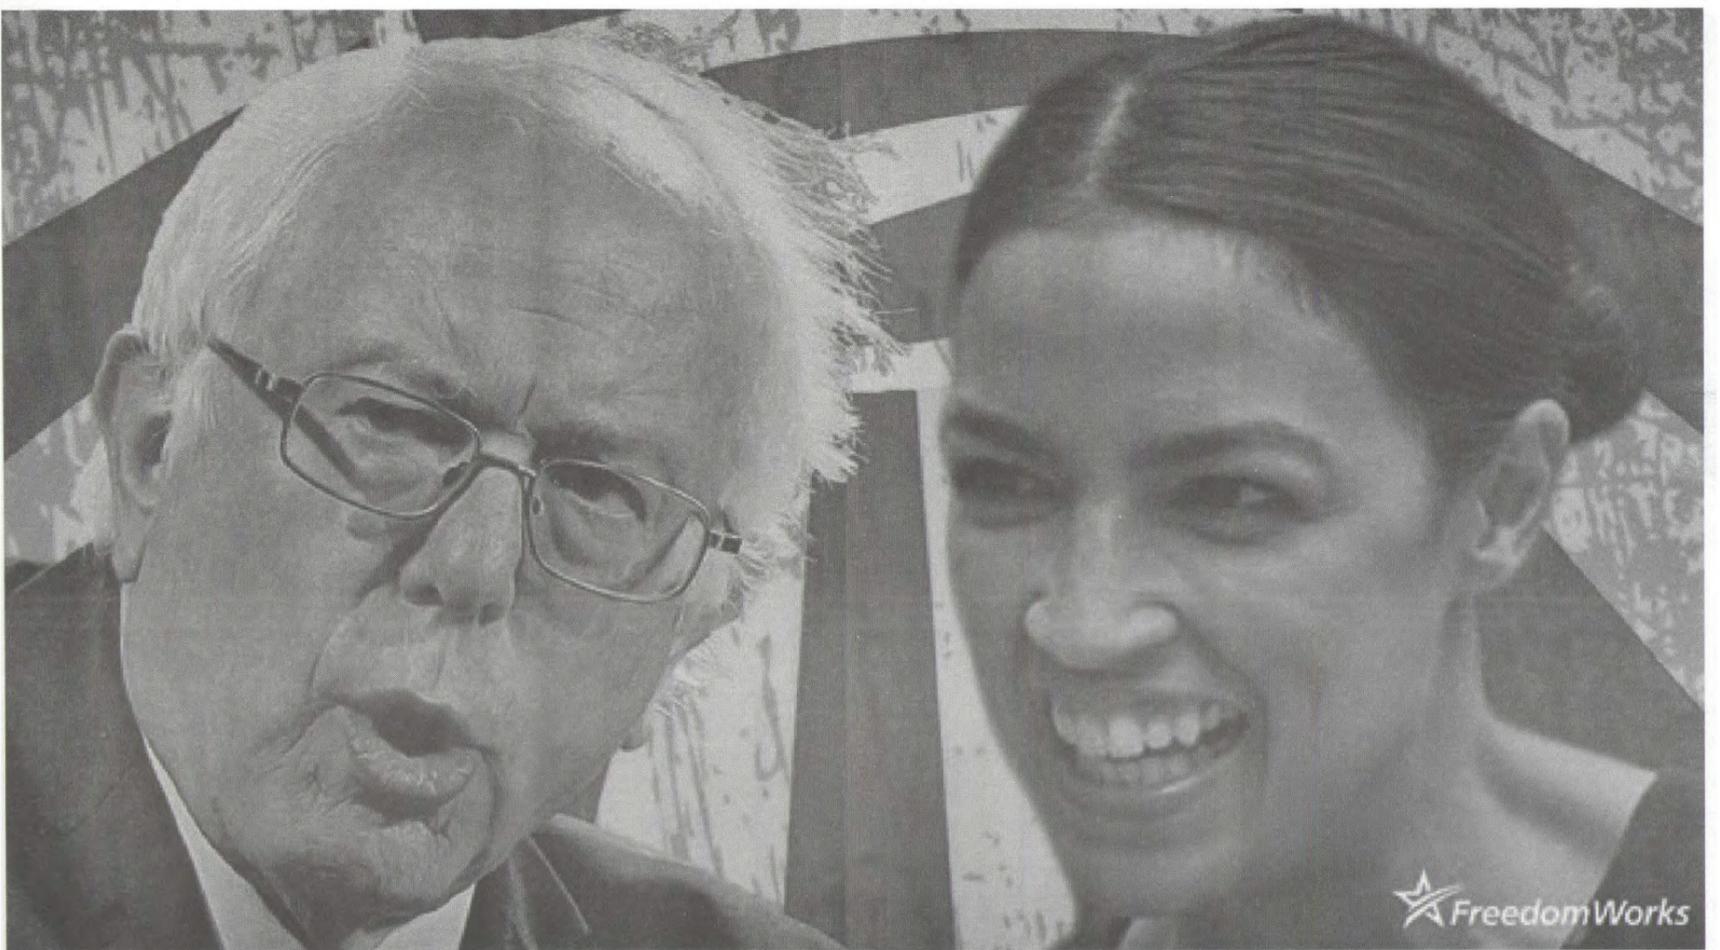

"You're going to want to be involved with [Freedom Works]. You're going to want to be on this team!"

**Let's send them back
to the Minority!**

As November 2020 gets closer, these radical Democrats and their dishonest allies in the media will stoop to levels history has never seen in order to transform America into the "socialist paradise" they've always craved.

As conservatives, you and I have one job - STOP THEM!!

"You're going to want to be involved with [Freedom Works]. You're going to want to be on this team. Great Leadership!"

- Rush Limbaugh

Dear Fellow Conservative,

I want to thank Rush Limbaugh -- a true national treasure -- for his incredible words about our ongoing efforts.

Like you, Rush understands that 2020 will be one of the most decisive elections in American history.

He also understands the only way we're going to escape the horrors of a socialist future is if we conservatives come together as a team...

...and take a firm stand to stop this Far Left madness!

I had originally planned on writing you later next month. But this couldn't wait a day longer.

Events are unfolding too quickly.

 I had no choice but to rush you this letter today, and now I'm hoping you'll use the enclosed "Send Them Back to the Minority" reply to respond within 48 hours.

2020 began with the first purely partisan impeachment in our nation's 244 year history.

Liberal Democrats have made it clear they're eager to overturn the Electoral College, and disenfranchise you and the other 62,984,827 Americans who voted for President Trump.

They've become fanatical about taking as much power as possible, and they don't care who they crush to seize it.

And sadly, the 24/7 liberal media is in complete lockstep with these power-hungry Democrats.

But please heed this warning...

It's about to get even worse!

As November 2020 gets closer, these radical Democrats and their dishonest allies in the media will stoop to levels history has never seen in order to transform America into the "socialist paradise" they've always craved.

Please understand, they're firmly wed to a dangerous agenda that has only one objective -- striking a fatal blow to the U.S. Constitution...

...forcing us to give up our freedoms and our proud American history in the hope that the Washington, D.C. "Swamp" will take care of us from cradle to grave.

It's our job to stop them.

And failure isn't an option.

Bottom line, if you and I as conservatives are going to save the country we love from their Socialist nightmare, it's imperative we do two things...

→ #1 - Re-elect President Trump to a second term.

→ #2 - Send Nancy Pelosi back to the Minority.

The Democrat Party of just two years ago seems a million miles away.

Think about this...

In November of 2018, very few people had even heard the names Alexandria Ocasio-Cortez, Ilhan Omar, and Adam "Shifty" Schiff.

And they certainly hadn't heard the term, "The Squad."

That's no longer the case.

Nancy Pelosi may be the Speaker of the House, but voters all across America understand the "new" Democrat Party is fully controlled by this fresh crop of Far Left agitators.

Along with their blinding hatred of both President Trump, and anyone who agrees with his pro-freedom agenda...

...they're fixated on advancing an extremist agenda of, abolishing ICE, providing free healthcare for undocumented immigrants, gun confiscation, abortion on demand, implementing the New Green Deal, banning private health insurance, wanting to raise taxes to draconian levels, and much more.

Here's the good news for conservatives...

The Democrats are facing a horrific math problem.

While there are 59 Democrat members of Congress who were first elected in 2018...

...30 of them are representing House districts that President Trump won in 2016.

 If only 19 of these Democrats are defeated later this year, it will send Nancy Pelosi and the entire "Squad" gang back to the minority.

Even more important, it will kill any chances they have at enacting their hideous Socialist agenda.

This is why *FreedomWorks* is determined to target and defeat as many of these vulnerable Democrats as possible. Our only limitation is resources...

...and that's why I'm urging you to rush back the enclosed "Send Them Back to the Minority" reply along with a generous contribution of at least \$35.

But just defeating Democrats isn't good enough. That's why we're determined to replace these first-term AOC-types with proven conservatives...

...who will spend every day fighting for our economic freedoms and personal liberties so that the blessings of our free market system can be preserved for our children and grandchildren.

Yes, Socialism is at the gates -- and we must crush it!

So if you're in a position to give as much as \$50, \$100, \$250, \$500, \$1,000, \$5,000, or even more, I ask that you please make that investment today.

When it comes to organizing conservatives at the all-important grassroots level, *FreedomWorks* has been at the forefront of this fight since 1984.

But 2020 will be our largest effort ever, by far.

Today we're supporting a growing number of conservative candidates, focusing intensely on the high impact voting blocs the "DC consultant class" typically miss.

This is how we're going to win!

I've included a summary of "The 2020 Winning Budget" to give you a better idea of just how focused we are on winning enough

House seats to send the Nancy Pelosi/AOC gang packing.

It's a lot of detail, but can best be summed up in three important parts:

- 1) "Boots on the ground" of FreedomWorks' activists campaigning door-to-door;
- 2) Digital advertising, which allows us to be more targeted in our programs than ever before;
- 3) Peer-to-peer texting where we recruit activists to contact their friends, family, business associates, and neighbors to vote to protect freedom.

But everything we do depends on your generosity.

So please, rush back the enclosed "Send Them Back to the Minority" reply along with a generous contribution of \$35, \$50, \$100, or even as much as \$500, \$1,000, \$5,000 or more today.

Squad members AOC, Ilhan Omar, Rashida Tlaib, and Ayanna Pressley represent districts where Democrats have a voting advantage over Republicans by an average of 29 points, 26 points, 32 points, and 34 points respectively.

We're not likely to defeat them -- but we will take away their power if we defeat this select group of vulnerable Democrats representing "Trump majority" districts.

And our efforts must begin today.

As a conservative, Rush Limbaugh thought you might want to be a part of the FreedomWorks team. I certainly hope that's the case -- because we need you!

While I know we can be successful in 2020, I also know we must have a united conservative effort.

Everything you and I care about is on the line, so please rush back your response of at least \$35 in the next 48 hours.

Freedom Works,
