

ASK AMERICA

Nationwide Policy Survey

A Special Project of the Republican Party

NATIONAL
REPUBLICAN
CONGRESSIONAL
LEADERS

Kevin McCarthy,
Republican Leader

Steve Scalise,
Republican Whip

Tom Emmer,
Chairman, NRCC

Dear Friend,

You have been selected from a pool of 1,000 names submitted from your area to participate in a National Policy Survey called **ASK AMERICA**.

The Republican Party is conducting this nationwide grassroots project as a part of our efforts to get more citizens involved in shaping national policy and better deliver our message to all Americans in this critically important Presidential election year.

Our goal is to ensure your voice is heard by helping President Trump and the Leadership of the Republican Party gain an on-going and in-depth understanding of the issues which are of greatest concern to you and your family.

ASK AMERICA is one of the largest and most important undertakings ever launched by the Republican Party. Our objective is to reach out to more than 10 million people across the country to ask for their personal involvement and support. The outcome of this project will ultimately determine who will win in the November Presidential and Congressional elections.

The hard-fought 2018 elections served as a resounding “wake up call” for this year’s elections. Clearly, we as a Party need to act today to make sure we are listening to, and are focused squarely on, the priorities of the American people. And we must prove to ALL voters that our Republican agenda is what is best for their future.

But with our nation so politically divided and the Democrats and mainstream media constantly spreading fake news about President Trump and our Republican policies and achievements, it is difficult to get the real facts about our agenda out to Americans all across the country. That is why it is so important that you return your **ASK AMERICA** Policy Survey immediately.

As the Chairman of the National Republican Congressional Committee (NRCC), my job is to work with President Trump and all our Members of Congress to advance the agenda we need to ensure Republicans can find a better way forward for all Americans.

To meet that objective – especially with the Democrats in the U.S. House of Representatives concerned with nothing other than harassing and undermining President Trump at every turn – I am going to need your participation every step of the way. That is why your personal involvement in this **ASK AMERICA** Policy Survey is so important.

We need to know your personal views on many of the most important issues facing our politically divided nation: the economy, national defense,

(Over, please)

America's tax system, health care, illegal immigration, government spending, foreign policy, and much more.

This survey, registered in your name, will serve as our mandate – directly from you – to act on the issues facing our nation.

Following their brazen impeachment of President Trump, the Democrats are going into the 2020 elections following their usual game plan of “win at all costs.”

Their strategy is clear. They are ignoring, delaying or destroying every proposal the President sends to Capitol Hill. Their goal is to effectively immobilize the Trump Administration and ensure that few, if any, of the President's proposals get through Congress.

And as Speaker Pelosi uses the Democrats' Majority in the House to obstruct, derail, and blast apart the President's agenda...

...And radical committee chairmen continue to use their power to endlessly investigate every decision made in the White House and in every Cabinet department...

...All with one goal in mind – to ensure President Trump is not re-elected and that they capture complete control of our government.

That is why your input in the **ASK AMERICA** national survey is so crucial.

So please, when you finish reading this letter, complete the enclosed **ASK AMERICA** National Policy Survey and return it to me in the envelope provided.

Let me be clear: I fully understand the frustrations of the American people when it comes to getting Congress to fix what's wrong with our nation.

We Republicans hear you loud and clear when you say you want results – and you want them now. Please know that in today's challenging and volatile political climate, we are doing everything possible to deliver on our agenda.

Under President Trump's leadership, our Republican policies of a better, stronger, safer America are helping our nation's economy grow, record numbers of new jobs are being created, scores of unnecessary government regulations are being eliminated, our country's military is being rebuilt, and America's position in the world is being restored.

But with the Congressional Democrats, led by Nancy Pelosi and aided by the liberal mainstream media and powerful left-leaning special interest groups – continuing to work overtime to do all they can to mislead the citizens of this country as they fight every positive move we make – and persist in their battle for a bigger, more controlling, costly Socialist Government.

That is why we want to do everything in our power to make sure your voice is heard – and to deliver what you, the hard-working American taxpayer, really wants for our country.

Together we must work hard – and fight hard – to make sure we can fix what's wrong with our country, open the doors of opportunity for all Americans and continue to set our nation on a prosperous path.

Today I'm calling on you to participate in this project. YOU are the Republican Party. YOU are the driving force behind everything we do. And YOUR opinions today are essential to advancing our reform agenda.

ASK AMERICA is an extremely important survey that will allow us to make certain

(Next page, please)

that we are in line with voter's ideas and beliefs. It addresses issues important to every concerned American who cares about the direction our country is headed. For example:

Jobs and the Economy – Under President Trump's leadership our economy is soaring. We passed the largest tax cut in history. Do you agree that we should work to enact additional legislation that will create more jobs, cut taxes and regulations, end economic uncertainty and make America more competitive?

Health Care – ObamaCare has proven to be excessively costly and harmful to individuals, families and businesses. Do you believe we Republicans should work to replace it with a market-based system that lowers costs and puts Americans in control of their own health care?

National Security – The threats posed by domestic and international terrorists, cyberattacks to our nation's government, businesses and infrastructure, instability in the Middle East, and the military build-up in Russia, Iran, and China, all demand solid leadership. Do you support President Trump's efforts to do everything he can to protect our country and restore America's once proud and strong position in the world?

Immigration Reform – Illegal immigration is one of the most critical and contentious issues facing America today. President Trump has pledged to restore the rule of law to America's "broken" immigration policies and practices. Do you believe that following through on this promise should remain a top priority?

Energy Policy – The Trump administration has embraced a national energy policy that will utilize our nation's huge oil and natural gas resources to ensure that our country becomes 100% energy independent. Do you agree with efforts to open more federal lands to energy development?

Grassroots Organization – Re-electing President Trump, maintaining our U.S. Senate Majority, and re-capturing our U.S. House Majority will require a massive grassroots effort all across America. Our ongoing **ASK AMERICA** Policy Survey will play a key role in this effort by reaching out to millions of Americans. Do you agree that as we confront the 2020 Presidential and Congressional elections, we must continue to invest in this grassroots campaign to strengthen our Party and get our message of hope and opportunity out to all Americans?

These are all serious issues that affect your everyday life. That is why it is so important to know what YOU think. So please return your survey in the next ten days.

At the same time, I also hope we can count on you to send a special contribution of \$35, \$50, \$100, \$250, \$500, \$1,000 or more to support the National Republican Congressional Committee.

Your contribution will help with the collection and analysis of this survey as well as with the printing and postage for the millions of additional surveys we need to distribute to make sure Americans all across the country have the opportunity to voice their opinions.

Remember, President Trump's success – and America's success – is tied to getting his bold legislative agenda through Congress.

The sooner we can tabulate the results of this survey, the sooner we can use the results against the Democrats and their costly big government proposals and in support of Donald Trump's agenda to Make America Great Again – and Keep America Great.

We are convinced this **ASK AMERICA** project will give Republicans a critical edge in combating the liberal Democrat's efforts to destroy the Trump Presidency and our Republican agenda

(Over, please)

as they abuse their House Majority to redefine America's future to fit their liberal, Socialist agenda.

Your answers will give our Republican Members of Congress a powerful advantage in hard-hitting, rancorous legislative debates. Most importantly, they will ensure that we are in step with the views of America's electorate.

I cannot overstate how much the Democrats are determined to defeat President Trump and force their Socialist agenda on our nation. That is why we must be prepared to battle back against their false and relentless barrage of attacks.

To do that, we must enlist our most effective weapon – **YOU**.

America cannot afford to return to Barack Obama's policies of bigger government, massive spending, job-killing regulations, wrongheaded energy policies, a hollowed-out military and foreign policy that weakened our nation – and made the world a much more dangerous place to live.

Yet that is precisely what will happen if we don't act today to stop the Democrats from winning the White House this November and capturing full control of our government.

The NRCC is 100% committed to this battle. But we must have your input and support to be successful.

So please, act immediately to complete your **ASK AMERICA SURVEY** and include a generous contribution of \$35, \$50, \$100, \$250, \$500, \$1,000 or whatever you can send at this time to help underwrite the costs of this survey and provide the financial resources that will enable us to re-elect President Trump and recapture our Republican House Majority.

After analysis of this critical survey is complete, I will present an official copy of the confidential results to the White House, the Republican Party Leadership and all of our Republican House incumbents and challengers.

We all have a stake in Keeping America Great. I believe we can and will do it. Together we can expand and build on the successes of the Trump administration and continue to change the course of our collective future for the better.

We must never forget that our government is of the people, by the people, and for the people. That is what this **ASK AMERICA** project is all about – and why we need you to stand with us.

Please let me hear from you soon.

Sincerely,

Tom Emmer
Chairman, NRCC

P.S. As we continue our efforts to deliver on President Trump's goal to Make America Great Again – and Keep America Great – we want to do everything in our power to find out what you, the hard-working American taxpayer, really wants for our country. So please, make sure your voice is heard by completing your **ASK AMERICA SURVEY** and returning it in the enclosed postage-paid envelope with a contribution of \$35, \$50, \$100, \$250, \$500, \$1,000 or whatever you can send at this time.

Your participation and generous gift will provide the resources we need to pay for this historic project and help re-elect President Trump and regain a Republican Majority in the U.S. House of Representatives. Thank you for your support.
