
TRUTH ABOUT REPUBLICANS SURVEY

An official project of the National Republican Congressional Committee

Tom Emmer
NRCC Chairman

Dear Fellow American,

I am leading our Party's effort to take back control of Congress so Republicans will have the legislative leverage to help President Donald J. Trump continue to Make America Great Again.

We must unite and work together NOW to expose the Democrats' extreme partisanship, and their radical left-wing agenda – while we promote the TRUTH about our Republican agenda and the REAL Republican record of accomplishment during the past two years.

Republicans passed historic tax cuts, cut regulation, rebuilt our military and brought accountability back to the federal government, but the news of impactful, real progress on turning our nation around was undercut by biased media and hundreds of millions of dollars of anti-Republican propaganda put out by liberal special interests, funded by deep-pocketed far-left billionaires George Soros, Tom Steyer and Michael Bloomberg.

These left-wing radicals essentially BOUGHT control of Congress for the Democrats.

They understood that without a Majority in the House, our conservative agenda would stall and clear the way for Democrats to accuse, investigate and impeach President Trump.

The far-left fringe that bought and paid for this Democrat Congressional Majority has made it clear that their ultimate goal is to destroy the Trump Presidency and lay the foundation for election of a Democrat president in 2020!

They want to silence the voices of the millions of Main Street Americans that rose up in 2016 to elect President Trump and Republican majorities in Congress, handing us the mission of “draining the swamp” and ending business as usual in Washington, D.C.

The Democrats and their allies are hoping that patriotic Americans like you will give up, and sit out the next round of elections.

That's why the liberals are proclaiming that grassroots Republicans no longer support the agenda and policies of President Trump and Republicans...

...The Democrats are saying that a “majority of Americans” want to return to President

Obama's failed policies – and the biased media is picking up these talking points and repeating them as though they are fact!

I DON'T BELIEVE THEIR LIES.

I know that grassroots Republicans all across America are furious to see Nancy Pelosi and the liberals claiming they have a mandate to raise taxes and start resurrecting the failed big-government policies of Barack Obama.

That's why I am proud to be leading our Party's effort to take back control of Congress in 2020.

But I need your help.

I have been recruiting, training and funding top-quality, aggressive conservative candidates who embrace the agenda of President Trump and Republicans.

We have a strong, aggressive slate of Congressional candidates who are ready to run alongside our President, taking on the Democrats head-on by forcing them to answer for their lies and empty agenda.

I am committed to regaining control of Congress so that we can keep our nation on track and finish the job that you sent President Trump and Republicans to Washington, D.C., to accomplish – returning the power to the people where it belongs.

That's why I am personally reaching out to ask you to help clarify the TRUTH about where folks like you stand on the leadership, agenda and record of our President and our Party.

Please sit down right now, get out a pen or pencil, complete the enclosed **2020 TRUTH ABOUT REPUBLICANS SURVEY** and return it in the postage-paid envelope provided.

This grassroots opinion survey is REGISTERED in your name and is intended for your use only. Your survey document must be accounted for during the tabulation process to ensure your voting district is represented.

So if you choose not to participate in our **TRUTH ABOUT REPUBLICANS SURVEY**, please take just a moment to sign your survey and return it in the postage-paid envelope provided so it can be properly accounted for.

It is extremely important that we hear back from you right away to help keep us on track and moving forward in our preparations for the critical 2020 election.

Your feedback will clarify where men and women, actual voters like you, stand on issues such as strengthening border security, cutting federal regulations, tax reform, revitalizing national security, protecting our Constitutional rights and making the federal government more accountable.

(Next page, please)

I want to show that the Trump coalition of Republicans, Independents and disaffected Democrats is ready to stand up and fight to take back Congress to ensure that we keep Making America Great, with conservative policies and reforms.

So please take a few minutes to complete and return your survey document.

The Democrats learned from the last election that they can exploit the non-stop negative news coverage their allies in the media generate to rally their voters to the polls.

That's why the Democrats are determined to maintain a constant, shrill chorus of attacks on the Republican Party, our President, our record of accomplishments and our agenda.

They want to focus attention on the issues that divide Americans, rather than working with President Trump and Republicans to do what is right and best for our nation.

Well my friend, we must not let them get away with this campaign of distortions.

That's why we need to rally together NOW to aggressively promote our Republican agenda and defend the record and leadership of our Republican President and Republicans in Congress.

Taking part in this survey effort is an important first step you can take to help put Republicans on track to retaking control of the House.

We need to know you are engaged and ready to go all-out to help Republicans build momentum going into Election Day.

That's why I am asking you to complete your Survey today to let Republican leaders know where you stand on the actions being taken by President Trump and Republicans to put our nation back on track.

And please include a supporting contribution along with your **TRUTH ABOUT REPUBLICANS SURVEY** to help the National Republican Congressional Committee (NRCC) organize our grassroots supporters, run advertising to counter the Democrats' lies and promote the TRUTH about the impact and intentions of our actions.

The more folks know about the REAL Republican record of fighting for pro-growth policies, reduced federal spending, more government accountability, a strong national defense, border security and other priorities of the American people...

...The less chance Democrats will have of keeping control of Congress in November.

We are counting on your help to promote the TRUTH about our Republican record and our positive pro-growth, pro-freedom agenda to bring expanded prosperity and security to every American through your participation in the **TRUTH ABOUT REPUBLICANS SURVEY**.

(Over, please)

The positive impact of Republican reforms and policies are showing REAL results as the economy grows, new jobs are created, wages go up, and millions of men and women are regaining confidence that America's greatest days are yet to come.

Yet, rather than cheering for America's success, the Democrats and their allies in the biased media are trying to focus attention on any and every negative thing that happens in our country in order to energize their base of radical left-wing activists.

But the truth is: Nancy Pelosi and Democrats don't have anything positive to offer the American people. All the liberals in Congress want to do is accuse, investigate and interrogate President Trump, his family, his Administration and anyone associated with his campaign.

You see through their propaganda. You understand that their real objective is to destroy President Trump and gain total control of Congress and the White House.

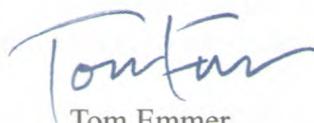

We are one election away from a return to the failed liberal policies of the Obama-Pelosi Democrats.

Every day, from now through Election Day, every American who wants to keep America on track to a more prosperous and secure future with accountable government and protection of our Constitutional rights, needs to unite and work to help the Republican Party prepare to retake control of Congress.

Please, take a few moments NOW to complete your **TRUTH ABOUT REPUBLICANS SURVEY** and return it to me within the next seven days along with a supporting contribution of \$35, \$50, \$70, \$100 or even \$250 in the postage-paid envelope provided.

Thank you in advance for coming forward to provide your advice and support of our Republican effort to take back control of Congress so we can keep our nation on track to a better future for all Americans.

Sincerely,

Tom Emmer
NRCC Chairman

P.S. The action you take today will directly impact the success of our Republican effort to take back control of Congress in November. I need you to immediately complete and return the enclosed **TRUTH ABOUT REPUBLICANS SURVEY** to ensure our Party has the feedback it needs to expose and refute liberal lies and propaganda about the work we have been doing with President Trump to stamp-out the Obama legacy of failed liberal policies. Please return your survey to the NRCC with a supporting contribution of \$35, \$50, \$70, \$100 or \$250 in the postage-paid envelope provided. Thank you again for your advice and generous support.
