

# HELP STOP SOCIALISM IN LOUISIANA

Hon. Mitch McConnell  
United States Senate

Dear Fellow Republican,

I'm going to *kill it*.

Speaker of the House Nancy Pelosi is presiding over the most hard-left Democrat House Majority of my entire life.

Many of her members are full-blown socialists, friend. They don't even count as "liberals" (which is bad enough) anymore. They want America to be a socialist country and they don't care who knows it. So they are openly pushing an extreme agenda that includes:

- ✘ "Medicare for all" (which would result in Medicare for NONE, because it would destroy the program that tens of millions of senior citizens currently rely upon);
- ✘ A guaranteed, taxpayer-funded income for people who are "unwilling to work;"
- ✘ A **\$93 trillion** (yes, you read that right) "Green New Deal," which is a total federal government takeover of our economy; and,
- ✘ The largest, most destructive tax hikes in American history.

Well here's the thing: so long as I am leading a Republican Majority, the Democrats' socialist agenda is **dead on arrival** in the United States Senate.

The new taxes, the job-killing regulations, the "free" handouts, the expanded federal bureaucracies and everything else . . . I'll kill it all.

➔ You can think of me as "*the Grim Reaper*" of the Democrat socialist agenda.

But it can't be just me fighting to stop the socialists from wrecking our economy.

I need active, knowledgeable Republicans like you doing your important part to **keep socialism dead and buried** here in DC.

That's why I am asking you to sign the enclosed *Petition to Stop Socialism* and mail it back to me using the envelope provided A-S-A-P.

And when you respond, I am also asking you to **include an important gift** of \$1,000, \$500, \$250, \$100, \$50, or even \$35 to NRSC HQ so that we have the necessary resources we need for 2020. It is essential that we defeat liberal socialists running for the Senate so we can *protect our Republican Majority*.

I'm hopeful you will respond quickly, because the huge problem we're facing right now is that

Over, please . . .

too many Americans simply don't believe we will ever become a socialist country.

They just plain don't believe it.

I've spoken to plenty of folks like this across the country. They hear about the rise of these "young new Democrats" like socialist New York Congresswoman Alexandria Ocasio-Cortez – the sponsor of the "Green New Deal," and they think it's just a fad. Just a few people on the fringe. Nothing to worry about.

But they couldn't be more wrong. We can't take this threat lightly.

*Do you know who some of the co-sponsors of the "Green New Deal" are?*

I'll tell you: Senator Elizabeth Warren (MA), Senator Amy Klobuchar (MN), and of course the socialist Senator Bernie Sanders (VT).

These are virtually all the Democrat Senators currently running for President of the United States, and any one of them could win their party's nomination.

They've all put their names on the "Green New Deal," a monstrosity that would shut down entire industries, put the entire health care sector under federal control, and take unprecedented amounts of money and power away from individual citizens like you and give it all to the government (some estimates put the cost at a staggering \$93 trillion!).

So please do NOT think that this whole "socialism" thing is just a couple of nutcases running around on the fringe.

Socialism is the pervasive policy view of the Democrat Party right now. Full-blown, heavy-handed socialism.

Are these hard-left Democrats going to continue taking power and turn the United States of America into a socialist country?

I am determined to make sure that never happens.

But please don't make the mistake of assuming it can't happen.

**And please don't sit out this high-stakes fight going on right now . . . a fight to defend not just our strong economy, but the very idea of American liberty from the authoritarian Left.**

The most important things you can do right now are to sign your *Petition to Stop Socialism* and mail it back to me along with the most generous donation you can afford right now to NRSC HQ.

For a couple years now, my Democrat colleagues have felt like they have all the grassroots energy

on their side. They are fully convinced that the American people are embracing socialist economics. And they think if they push big-government left-wing policies, the grassroots activists on the Left will support them . . .

. . . while pro-capitalism patriots like you will be too few in number to make a difference. I'm asking you to prove them wrong.

Your signed *Petition to Stop Socialism* will strengthen my voice in Washington and serve as a warning to politicians who think they can go hard-left without paying a price for it.

And just as importantly, your donation to NRSC HQ will strengthen our operations so that we can protect our small Republican Senate Majority.

During the first two years of the Trump Administration, our Senate Majority worked overtime to quickly pass as many pro-worker, pro-jobs, anti-tax bills as we possibly could. And we are pleased with the results:

- \*\*\* We passed the *Tax Cuts and Jobs Act*, putting more money in your pocket;
- \*\*\* Our regulatory reforms have slashed the power of DC bureaucrats to kill jobs;
- \*\*\* The ObamaCare “individual mandate” is history;
- \*\*\* Jobless claims are at a 50-year low, the unemployment rate is holding steady way down at 3.6%, and the American people are enjoying a strong economy; and,
- \*\*\* Along with Supreme Court Justice Neil Gorsuch and Justice Brett Kavanaugh, we've confirmed record numbers of pro-Constitution jurists to lower courts, where our pro-job legislative achievements will be protected for decades yet to come. (You know as well as I do that the Left wants to use our courts to destroy our freedom and impose their big-government policies.) Thankfully your Republican Senate has now confirmed more than 110 judges nominated by President Trump.

With expanding prosperity and a roaring job market, you might wonder why on earth anyone would want to wreck all this with socialism.

I believe the American people *should* wonder about that.

**\*\*\* In fact, I want to make the 2020 election a referendum on socialism. \*\*\***

If the Democrats are going to rally around this destructive agenda, we should make them own it. We should make sure the people understand that a vote for these Democrats is a vote to wreck our economy, send taxes through the roof, and give the government unprecedented control over our lives.

That's where your donation comes in. The NRSC is the political arm for all Republicans in the

Over, please . . .

Senate. NRSC HQ needs to be fully funded as we move closer to November. Republican candidates running for Senate are counting on the NRSC for crucial fundraising support and advertising campaigns that make the difference between victory and defeat.

So please be as generous as you can when you respond, knowing that the very future of American capitalism is at stake.

**Chuck Schumer's Democrats are already raking in gigantic sums from Wall Street, Hollywood, anti-gun activists, the radical environmental lobby, and far-left donors from coast to coast who are motivated primarily by hatred of President Trump.** If Republicans can't keep pace . . . if we are drastically outspent in key states, the consequences will be grave. That's why I am asking you to please stand strongly in the fight to kill all this disastrous socialism we're getting from the Democrats.

I don't care how big Speaker Pelosi's majority is. No matter who is the Speaker, no matter who is in the White House, I guarantee you that even if I'm the last man standing and I'm still in the Senate, socialism will not happen in America. All these big-government bills will remain dead on arrival in the Senate. I can promise you that.

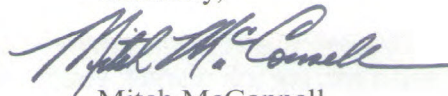

But I am counting on you to do your part as well, helping to stop socialism from ruining not only this great economy we have today, but the future of America for our kids and grandkids.

Won't you please:

\*\*\* Sign your ***Petition to Stop Socialism*** and mail it back to me using the envelope provided for you; and,

\*\*\* **Include your best gift of \$1,000, \$500, \$250, \$100, \$50, or even \$35 or more to NRSC HQ** to make sure we are fully funded. We cannot allow Chuck Schumer's *liberal socialists* to overtake our Republican Senate Majority.

Sincerely,

Mitch McConnell  
Senator (R-Kentucky)

P.S. Our economy is roaring, people are getting back to work, and middle-class families are getting ahead. The last thing we should do is embrace the radical socialism being promoted by today's Democrat Party. I promise you I will resist these destructive socialists every single day I have the honor to serve in the Senate.

**Socialist legislation is Dead On Arrival in the Senate as long as I'm there setting the agenda.** But I can't do it alone. Your help is important. So please sign and return your ***Petition to Stop Socialism*** along with your generous gift of \$1,000, \$500, \$250, \$100, \$50, or even \$35 or more to NRSC HQ.

Dear Senator McConnell,

YES, you absolutely have my support in your fight to STOP the Democrats and their extreme socialist policies! High taxes, job-killing regulations, and more federal power over our economy and our lives will lead to stagnation, poverty, and lost opportunities for our kids and grandkids. Please do everything in your power to stop the Democrats from passing their hard-left socialist agenda. I have signed my **PETITION TO STOP SOCIALISM**. And, to strengthen NRSC HQ, I am including my most generous gift of:

## PETITION TO STOP SOCIALISM

### To: The United States Senate

- Whereas,** the United States of America is currently enjoying a strong economy, with low unemployment and rising wages, thanks to pro-jobs policies and broad tax cuts;
- Whereas,** historically, America has led the world in economic prosperity due to a system of free enterprise, with minimal federal interventions in the economy and low taxes on individuals and small businesses;
- Whereas,** Democrat Party lawmakers are currently proposing socialist policies that would give the government unprecedented control over our economy, create new taxpayer-funded entitlements and handouts, impose massive tax increases on voters, and replace our system of free enterprise with a system of government-controlled central planning;
- Whereas,** these kinds of socialist policies have already failed in countries where they've been implemented, from the former Soviet Union decades ago, to Venezuela right now. Socialism has caused incalculable human poverty and misery, and Americans should be grateful that it's never been tried here;
- Therefore,** I urge the U.S. Senate to vote down all socialist policies, whether it's "the Green New Deal" or "Medicare for All," because socialism will bring America down the road to ruin.
