

# REPUBLICAN PARTY AREA ASSESSMENT

Commissioned by NRSC  
Senator Todd Young

Dear Fellow Republican,

You are among a handful of Republican voters in your county selected to participate in an official REPUBLICAN PARTY AREA ASSESSMENT.

You've been chosen to represent:  
**VOTING DISTRICT CODE:**

As a top supporter of Republican candidates, your participation in this AREA ASSESSMENT is both appreciated and critical to compiling a detailed, highly accurate profile of GOP voters across the nation.

As the Chairman of the National Republican Senatorial Committee (NRSC), I am making this large-scale Republican voter survey a priority, and I believe it will carry us on to victory in 2020. Congratulations on being selected to participate.

In 2018, we defied the odds and expanded our Republican Senate Majority because we connected with voters in red, blue, and purple states by clearly stating our conservative principles of tax cuts, job growth, rising wages, border security, and judges who faithfully adhere to the U.S. Constitution.

The key to all of our Republican victories in 2018 was listening to real world voters like you from outside Washington. The key to a successful 2020 is holding the impeachment-crazed Democrats accountable for their reckless crusade against the President AND their disastrous socialist agenda. That's how we'll defeat the Schumer liberals and strengthen our Majority. And that is why I am reaching out to you now, asking for your continued insights and support to help Senate Republicans deliver on our promises and help President Trump stand up against Speaker Pelosi and the hard-left socialists who increasingly dominate the Democrat Party.

**When you return your completed REPUBLICAN PARTY AREA ASSESSMENT, I am also asking you to please include a generous NRSC campaign gift of \$1,000, \$500, \$250, \$100, \$50, \$35 or \$25 to help us build the grassroots foundation for victory in 2020.**

Please act today by representing your county and giving us your opinion on:

- The best way to grow jobs and keep our economy strong.
- Judges who support individual liberty and respect the Constitution.
- The Democrats' vicious smear campaign against President Trump.
- Foreign policy, trade agreements, anti-terrorism efforts and much more . . .

The final results of this AREA ASSESSMENT PROJECT will be used by our Majority to gain your insight on how to:

Over, please . . .

1. Govern effectively and stand with President Trump against the Radical Left in defense of our country's prosperity, freedom, and borders; and,
2. Support Republican Senate candidates and prepare in county after county to expand our Senate Majority in November.

*Please take 3-5 minutes of your time right now to fill out your ASSESSMENT DOCUMENT and return it using the envelope provided. Or this can be done online at: [www.nrsc.org/areaassessment](http://www.nrsc.org/areaassessment).*

Your insights are critical as we work with President Trump to advance our pro-America policies against the Pelosi-Schumer Democrats who have proven they'd rather obsess over impeaching the President on false charges than take common-sense measures to defend our country.

- I can't overstate the importance of this year's efforts. The liberals feel emboldened after their vicious impeachment crusade against the President – so much so that they feel they have a mandate to raise taxes, pass new gun control, cripple our border security, and continue to harass and undermine President Trump and his administration. We have to unite around our agenda and push it forcefully, NOW, *so please do not set your AREA ASSESSMENT aside for later.*

Your answers will help spread our pro-growth, pro-border security, pro-America message in a positive way that earns support from the conservative voters who went to the polls and expanded our Senate Majority in 2018.

We are taking nothing for granted. With so much at stake in the battle to make Washington serve you better, we are counting on your help to answer questions such as:

**QUESTION #9:** Do you believe Senate Republicans should continue standing firmly with President Trump against the impeachment-obsessed socialists in the House of Representatives, who have been trying to tear the President down since his first day in office?

Now that it's been exposed that the Obama-era FBI abused its power and spied on President Trump's campaign, it's more clear than ever that The Swamp will do everything possible to destroy his administration and stop his pro-jobs, pro-borders, pro-America agenda.

That's why our Republican Senate Majority has been so crucial. The House is controlled by power-mad socialists who will do anything to try and undermine our President. Can you imagine if those people were in charge of the Senate as well?

**QUESTION #10:** Do you believe the middle-class income tax rate reductions (part of the *Tax Cuts & Jobs Act* of 2017) should be made permanent?

These middle-class tax cuts have delivered strong job growth and bigger paychecks to

Page Three

tens of millions of Americans, but they are set to expire in less than ten years and we know the Democrats are anxious to try to balance the budget on the backs of middle-class families.

**QUESTION #19:** Do you agree with the way Senator Mitch McConnell has eliminated the filibuster for Supreme Court nominations so we could break through the Democrats' obstructionist tactics and confirm Justices Gorsuch and Kavanaugh?

With Justice Kavanaugh in particular, the Democrats waged the most vicious, underhanded, and dishonest smear campaign anyone in DC has ever seen.

They still haven't forgiven Senate Republicans for refusing to hold a hearing on President Obama's final nominee (Merrick Garland), they still haven't accepted President Trump's victory over Hillary Clinton, and frankly they are terrified at the idea of a lasting, conservative majority on the Supreme Court which will block the big-government, socialist wish list of the Democrats.

On these issues and many others – including terrorism, the Second Amendment, border security, education, and energy – Republicans in the U.S. Senate want and need to know where you stand.

The Democrats and their leaders – Chuck Schumer and Nancy Pelosi – are frantically throwing up roadblocks to our conservative reform agenda and claiming that they are the ones who represent the will of the people.

**I believe they are 100% wrong. I believe Americans went to the polls and rejected not only the constant, unhinged hatred against President Trump that we see on the Left, but they also rejected their agenda of high taxes, socialized health care, open borders, gun control, activist left-wing judges, and radical political correctness that infringes on our freedom and compromises our national security.**

So please respond to this call-to-action by answering these and all of the questions on your AREA ASSESSMENT and rushing it back to us along with your most generous NRSC campaign gift today using the envelope I have provided for you.

Without **your** input, Senate Republicans will not know where you stand on these key issues, and we will not be as effective fighting against the Democrat obstructionists.

Unless we know where you stand, we will not be able to communicate our conservative message to voters in a way that attracts more people to our Republican Party.

And without your financial help, the NRSC will not be able to support conservative challengers running against vulnerable Democrat incumbents in 2020 (while also defending the Republican seats that will be in play).

This is important, because the NRSC has played a huge role in some incredibly close

Over, please . . .

victories. In the November 2018 elections, Republican Josh Hawley took on powerful incumbent Claire McCaskill (and her massive campaign war chest) and was able to secure a 51.4% – 45.5% victory. Things were even closer in Texas, where Senator Ted Cruz won reelection over liberal celebrity Beto O'Rourke by a margin of 50.9% to 48.3%.

And in Florida, after a lengthy recount, Republican Rick Scott defeated long-time Democrat incumbent Senator Bill Nelson, 50.1% – 49.9%, with a margin of victory of just about 10,000 votes out of more than eight million cast!

**In all of these races, the NRSC was able to make a game changing difference with hard-hitting, effective advertising campaigns thanks to generous donations from individual patriots like you.**

**That's why your AREA ASSESSMENT is so important.** Your advice and financial support will help us govern well, stand up against Speaker Pelosi and her socialist radicals in the House, and lay the groundwork to win in tough campaigns across the country in the 2020 elections. Won't you please:

1. Give me your opinion on key issues by completing your ASSESSMENT DOCUMENT;
2. Make out a check or provide your credit card information in the space provided to contribute a generous, urgent gift of **\$1,000, \$500, \$250, \$100, \$50, \$35 or \$25** to the NRSC.

Thank you in advance.

Sincerely,

Senator Todd Young  
Chairman

P.S. One last thing: the NRSC is using every dollar we raise to hold Democrats accountable for their impeachment crusade and to support Republicans running in contested races for U.S. Senate. Our goal is to strengthen our Republican Majority and we are working hard to do just that. We couldn't afford to contact every GOP voter in your area, and that's why I am only sending this letter and a REPUBLICAN PARTY AREA ASSESSMENT to loyal Republicans who have the wisdom and experience necessary to help us. In order to get accurate and ample results from this survey, I need to hear back from you within 72 hours. The bottom line – your prompt reply is very, very important.

**Also, when you return your completed ASSESSMENT DOCUMENT, it would be a tremendous help if you would make a contribution of \$1,000, \$500, \$250, \$100, \$50, \$35 or \$25 to NRSC.** Or if you prefer, please visit [www.nrsc.org/areaassessment](http://www.nrsc.org/areaassessment) to make your gift online. Thank you, God bless you, and God bless America. – TY
