

PRESIDENT DONALD J. TRUMP

Monday Morning

Dear Fellow American Patriot,

In 2016, we shocked the world by defeating the Liberal Democrats and taking the first step toward restoring American greatness after eight miserable years of the Left-Wing Obama Administration.

And since we won the White House, I've been delivering on the promises I made to the American people. Now our challenge is to **Keep America Great!**

Unfortunately, the fake news media, the delusional Democrats, and the insider swamp aren't interested in talking about how much better our country is doing now. The fact is, the Democrats have had one goal since Election Day 2016 – to impeach me.

But I have faith that you've been keeping track of our record of success in the face of this impeachment charade and the fiercest opposition since Day One of any Administration ever.

Today, I am personally asking you to be one of the FIRST supporters in 2020 of the **Trump Make America Great Again Committee (TMAGAC)** by rushing back your RSVP to me immediately.

Since I was sworn in as President, unemployment has hit a 50-year low. In a strong sign of how well our economy is doing, for the first time in history there are more jobs available than there are people seeking work and jobless claims are the lowest they have been in 45 years. We've slashed job-killing regulations to the point where we've cut 22 regulations for every new one created.

Internationally, we have advanced free, fair, and reciprocal trade deals to protect American workers and end decades of destructive trade policies, including withdrawing from the terrible Trans-Pacific Partnership, replacing failed NAFTA with a new, fair USMCA agreement, and targeting China's unfair trade policies.

To keep America safe, we're rebuilding the military that suffered so much under Obama. We're defeating terrorist organizations and confronting rogue nations to protect America and our allies. And we've increased the funding for U.S. Immigration and Customs Enforcement (ICE) and are enforcing border security laws to stem the tide of illegal immigration.

Every one of the items in this long list are promises kept and huge, huge wins for the American people!!

While we've already won these great victories, our opponents attack and tear at me every day. You've seen it.

Not only have they called me horrible, nasty names like you can't imagine, they also spent over \$2 BILLION of cold hard cash in the last election in a desperate attempt to defeat our Majorities in the House and Senate.

technology with voter reminders to inform and empower people in the pews to vote from a biblical worldview

- Building an easy-to-use Voting Assistance Center so Christians can access party platform guides, learn what's on your ballot, and check your polling location.

I'm talking about EMPOWERING millions of Christians to vote... to redeem the public square through the name of Jesus... to elect leaders who recognize and uphold the authority of God over government.

I don't have the words to tell you how much you mean as a partner. You have proven your mettle time-and-again. You are not just a Christian in word... you are a Christian in deed.

However, there are roughly 25 million other Christians who don't vote.

When you consider that only 53% of people voted in the 2018 elections you can see that we have an enormous opportunity to bring the influence of our faith to every election.

And that takes funding... a commitment from you.

Presidential candidates are raising BILLIONS of dollars to defeat President Trump and other pro-faith candidates. (Planned Parenthood recently announced their largest investment ever in the 2020 election cycle - an astounding \$45 million to back pro-abortion candidates.)

When you donate today, you make it possible for us to target swing states and motivate Christians to vote for life. *OUR 2020 GOAL: 1 million new Christian voters in swing states.*

We've done the analysis and proven it out – achieving our goal will deliver the faith-driven results we hope for!

Your funding allows us to deploy the latest technology to locate Christian voters, reach them through media, door-to-door efforts, peer-to-peer texting, and church outreach efforts.

Nothing less will do.

The Presidential primaries have begun. Every single candidate on the Left opposes our Christian worldview.

Their goal is to open our country's borders, deny religious freedom, redefine marriage, expand abortion, restrict opportunity, deny prosperity.

Our goal is as it has always been: To get millions of Christians active in the public and political arena... to get them to the voting booth... and then to get the leaders we Christians elect to act on the Judeo-Christian principles upon which our founders created this "one nation under God."

Page Three

- Successfully appointed over 150 conservative jurists to the federal bench – including great Americans Neil Gorsuch and Brett Kavanaugh to the United States Supreme Court, despite tremendous opposition from Chuck Schumer and the Senate Democrats.
- Enacted tougher policies to curb ILLEGAL immigration, such as increasing penalties on those who commit violent or drug crimes!

And as I said earlier, we're just getting started.

With your faithful support, I'm determined to fight the Democrats tooth and nail to finally repeal ObamaCare, appoint more great conservative jurists to our federal courts, make your tax cuts permanent, slash more Obama-era regulations, and keep America safe from the threats of terrorism and rogue nations.

But achieving our agenda in the face of sham impeachment inquiries, never-ending partisan witch hunts and fake news on steroids, this past year has been anything but easy...

...If Nancy Pelosi and the Do-Nothing Democrats continue to obstruct our agenda that's made America the #1 most competitive economy in the world again, it will be a huge disaster.

Key "must-pass" initiatives including ratifying the U.S.-Mexico-Canada Trade Agreement (USMCA), mission-critical defense spending, Appropriations bills to fund federal departments and agencies, and \$1.7 billion worth of tax breaks are being left on the table while Democrats pursue their reckless partisan schemes.

I'm personally appealing to you, as your President and in the best interest of our country, to quickly sign and return the enclosed Pledge of Support today.

I'm not asking you to pledge your support only in writing, but through action as well.

As you know, I do everything big and that's why I have issued a challenge to our people at the Trump Make America Great Again Committee to raise \$100 million before this November to help put our campaign in a fantastic position to win.

The great thing about our movement has always been the eagerness of patriotic Americans like you to get involved at giving levels from \$5 to \$5,000. In fact, since I became President, grassroots support is at its highest point in Republican Party history.

Now, I'm extending my hand to you in partnership to help me **Keep America Great**.

So when you return your signed Pledge of Support – as I know you will – please include your most generous gift of \$2,800, \$1,000, \$500, or \$250 to the Trump Make America Great Again Committee today.

Or if \$2,800, \$1,000, \$500, or \$250 is too much for you to invest right now, a gift of \$100, \$50, \$35, or whatever amount you can spare is urgently needed and greatly appreciated.

Be it \$35, \$50, \$100, \$250, \$500, \$1,000, or \$2,800, I can guarantee you our team will use every dollar to set the stage for another amazing victory regardless of which of the Liberal nominees the Democrats ultimately put up against me.

(Over, please)

Make no mistake: I had to defy incredible odds to become your President...

...Today, in the face of the impeachment charade, endless witch hunts and non-stop vicious Liberal Democrat attacks, I'm still fighting tooth and nail every day to help hardworking Americans defy the odds by keeping taxes low, getting better healthcare at more affordable premiums, and ensuring that illegal immigrants aren't making it tougher for our law-abiding citizens to make a decent living...

...And together with your support, I'm determined to continue to defy the odds and history this November!

With our economy and job market the best it's been in years, we can do it, too.

So I urge you, before you set this letter aside, to become one of the first patriotic grassroots members to join my Trump Make America Great Again Committee in 2020. Please:

- 1) Sign the enclosed Pledge of Support. Then,
- 2) Rush it back to me in the pre-addressed envelope provided along with your most generous contribution of \$35, \$50, \$100, \$250, \$500, or even \$1,000, or \$2,800 today.

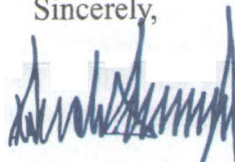

As a businessman, I learned quickly that no matter where you are in life, we all need someone to invest in us.

I've built a multi-billion dollar business that employs thousands of hardworking Americans every day by leveraging investments.

As I now in turn invest my time and energy to helping the American people, I'm asking you to support my Trump Make America Great Again Committee right away. Any amount – be it \$35, \$50, \$100, \$250, \$500, \$1,000, or \$2,800 – would be fantastic.

Thank you for the privilege of serving as your President.

Sincerely,

Donald J. Trump
President of the United States

P.S. After three years of my conservative policies, America is finally winning again – big time. But blinded by their hatred of me, Nancy Pelosi, Chuck Schumer, and the rest of the Democrats and the biased Liberal media refuse to see it. In fact, they're determined to stop any future victories by obstructing my agenda in Congress and winning this November! That's why I'm asking for your help to **Keep America Great**.

Please become a member of my Trump Make America Great Again Committee to help us get a fast head start on the Democrats. Please sign and return the enclosed Pledge of Support and your best gift of \$35, \$50, \$100, \$250, \$500, \$1,000, or \$2,800 today. Thank you!
