

Trump Make and Keep America Great

PRESIDENT DONALD J. TRUMP

Wednesday Morning

Dear

The future of our country and our movement to Keep America Great is at stake this critical presidential election year.

This November, you and millions of Americans will decide the direction our nation takes:

Do we continue to keep our nation moving forward with my re-election and electing more Republicans up and down the ballot who will work with me to keep our economy booming and unemployment rates at record lows, defend our borders, strengthen our military, protect your freedoms and put America First...

...Or will the Democrats seize the White House and complete control of Congress and ruin America with their Big Government Socialist schemes that will destroy jobs, take away your right to private health insurance, raise your taxes, open our borders and lead to government control of every aspect of your life?

Please reaffirm your commitment to our cause and help keep me and Republicans on the path to another historic victory this November by accepting your **Trump Make America Great Again Committee Membership Card** as an Executive Member from Louisiana.

you have earned this card due to your exemplary dedication to our nation combined with your willingness to fight for our timeless American values.

I hope you will carry your card proudly throughout the 2020 campaign. Let it serve as a symbol of the unbreakable bond you and I share as we battle the Democrats, their rich Liberal special interest allies and their partners in the Fake News Media.

The powerful forces of the Left have proven – especially with their bogus impeachment hoax – they will do, say and spend whatever it takes to defeat to me and our movement.

You and I must continue to stand together and fight to keep them from succeeding!

So please, confirm for me that your Executive Member Card arrived in good condition by returning the enclosed Confirmation Receipt in the postage paid envelope provided along with a contribution of \$35, \$55 or \$70 to provide the resources I need to win re-election and to help elect Republicans at all levels on Election Day 2020.

Let me be frank about what is at stake for our nation: if we fail to keep the White House, win the U.S. House and U.S. Senate and elect more Republicans nationwide...

(Next page, please)

Page Two –

...if a Radical Democrat like Pocahontas, Crazy Bernie Sanders or Sleepy Joe Biden is elected president and the Do-Nothing Democrats win complete control of the U.S. Congress...

...you can say goodbye to the tax cuts, the Supreme Court, our military, our borders, our 2nd Amendment right and our freedoms – everything that has made America great.

We are campaigning against Leftists, Socialists and Globalists who want to impose an extreme agenda and believe that anyone who opposes them must be crushed. The Democrats want to destroy America as we know it. They want to indoctrinate our children and teach them that America is a sinful, wicked nation.

That is not going to happen because we're going to *fight like hell* to win and we're going to **Keep America Great!**

The Democrats' Liberal special interest allies are spending hundreds of millions of dollars attacking me and our candidates with vicious, negative ads hoping voters will believe their lies.

The Fake News Media back them up by parroting the Democrats' talking points and ignoring every success my Administration has achieved restoring America's prosperity and security.

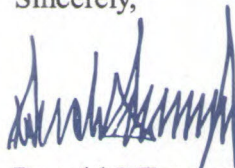

we can defeat the Democrats, retain the White House and elect more Republicans who will work with me to keep our economy roaring, our military strong and our borders secure.

But we must have the financial resources to overcome the Democrats' mountains of campaign cash and get our positive America First message past the Liberal media filter directly to the voters.

By accepting your **Trump Make America Great Again Committee Membership Card** and returning your Confirmation Receipt form along with a campaign contribution of \$35, \$55 or \$70, you will let me and our Republican candidates know you are committed to helping us win at every level so we can continue to Keep America Great.

please send your response right away in the postage-paid envelope provided. Working together, we will win a great, historic victory this November.

Sincerely,

Donald J. Trump
President of the United States

P.S. the 2020 elections will determine the future course of our nation. We must win to stop the Democrats from destroying America with their Big Government Socialist agenda. Please accept your **Trump Make America Great Again Committee Membership Card** and return your Receipt Confirmation today with a campaign contribution of \$35, \$55 or \$70 to help re-elect me and elect Republicans up and down the ticket in 2020. Thank you.
