

NATIONAL PETITION OF SOLIDARITY

Against Google & YouTube Censorship

INSIDE

Your chance to change the course of American history in the "David vs. Goliath" battle of the century...

IT'S ABOUT TIME!

We're finally holding left-wing tech companies accountable for CENSORING and SILENCING conservative free speech online!

V-304-L

Dennis Prager
FOUNDER

Dear Freedom Lover,

This is your invitation to make history... to do your part in the 21st century's ultimate David vs. Goliath battle... to save the freedom you cherish in America to share conservative truth, opinion, and speech.

It's your chance to stand with us on the front lines of the fight against Big Tech censorship of conservative ideas online...

... and I hope you'll join us IMMEDIATELY by signing the enclosed NATIONAL PETITION OF SOLIDARITY AGAINST GOOGLE & YOUTUBE CENSORSHIP and speeding it back to me using the reply envelope I have included with this urgent letter!

My name is Dennis Prager. You may have heard my nationally syndicated radio show, or read one of my bestselling books.

But today I'm writing to you as the founder of the online educational nonprofit Prager University, or **PragerU**.

Here at **PragerU**, we present conservative principles to millions of young people on the internet every day.

We are harnessing the power of technology to change the hearts and minds of the next generation on a mass scale...

... and our work is making a profound difference.

How do I know?

Because Google -- the largest internet corporation in the world, and the most powerful repository of information ever created -- CENSORS and BLOCKS over TWO HUNDRED of our videos to keep them from getting out to young people!

I want to tell you just how their insidious scheme works in a moment.

But first, I must ask once more for your help -- because we have already started FIGHTING BACK.

Please, if you haven't already, put this letter down right away, sign the NATIONAL PETITION OF SOLIDARITY AGAINST GOOGLE & YOUTUBE CENSORSHIP, and speed it back to **PragerU** using the pre-addressed reply envelope.

Over, please →

It is of the utmost importance that I hear back from you as soon as possible...

... because our small, nonprofit group is doing what **NO OTHER ORGANIZATION IN AMERICA** has done:

Suing the most powerful information company in the world to protect our right to free speech online.

This is why we have filed two lawsuits -- one in each state and federal court -- against Big Tech giants **YouTube** and **Goggle**.

You see, the leftists at YouTube claim that many of our educational videos -- every single one of them presented civilly and professionally -- violate their "Community Guidelines" restricting sexual, violent, graphic content, and hate speech.

Of course, their claims are 100 percent **FALSE**.

All we're guilty of is producing videos containing ideas that these leftists don't like! Even five of the videos on the Ten Commandments are restricted by **YouTube**.

The "powers that be" at **YouTube** don't like conservative ideas politely, powerfully, persuasively presented.

So they're trying to silence us by marking these videos as being for "mature" audiences, or even removing our ability to generate revenue from them via advertising.

The truth is, they're AFRAID to let ideas like personal responsibility, hard work, limited government, free markets, and Judeo-Christian ethics reach a wide audience.

And they're AFRAID of PragerU because we're **changing minds -- young minds!**

PragerU has surpassed 2.5 BILLION video views, making us one of the most-watched conservative video producers in America.

And our reach is broad -- we have reached more than 1 in every 3 Americans on the internet -- over 100 million unique individuals!

Perhaps most powerful of all, the vast majority of our audience is young, with nearly two-thirds of our viewers under age 34.

In a time when half of American millennials (roughly 35 years and younger) have said they "would prefer to live in a socialist country," it's clear that old-fashioned ideas like liberty, free markets, and self-sufficiency didn't make it to the younger generations.

PragerU decided to do something about it -- and it's working!

Every week, we are releasing short, digestible videos specifically made to communicate these and other timeless truths to a young audience, presented by a range of recognizable faces including:

- ++ Historian Victor Davis Hanson
- ++ Human rights activist Ayaan Hirsi Ali
- ++ Comedian Adam Carolla
- ++ Commentator Ben Shapiro
- ++ Fox News' Tucker Carlson
- ++ Syndicated radio host Glenn Beck
- ++ ... and many, many more.

In addition, we have launched several new shows this year alone, vastly expanding our programming into new and different target audiences.

Among them is ***The Candace Owens Show***, which is quickly becoming an influential force with black audiences. Candace's fearless conservative perspective has been praised by everyone from rapper Kanye West to President Donald Trump himself!

As you can see, we're not letting **YouTube's** censorship efforts stop us from bringing conservative principles and timeless values to young audiences of all backgrounds, races, religious viewpoints, and political persuasions.

But we must continue fighting this battle -- while simultaneously growing our programming and reach -- if we're going to save our nation.

My friend, the younger generations are lost without a clear voice reaching them with the timeless principles that have made our nation great.

PragerU is reaching them as no one else can -- but we're fighting an uphill battle against left-wing tech giants.

Can you imagine if the Left owned the internet the way they own our universities? If **Google's** and **YouTube's** gatekeepers have all the power to censor ideas they simply don't like?

What impact could this information block have on our nation in 2020?

In 2021? In decades to come?

I shudder at the thought. That's why we're fighting back against Big Tech censorship of conservative ideas -- and why I'm urging you to stand with us while there's still time.

We are not fighting this only for **PragerU** -- we are taking this

Over, please →

on for America and for freedom of speech in general.

And if you believe that the fight for free speech and equal treatment of conservative ideas is worth fighting for, I hope and pray you will do your part in that fight right away...

... by signing the **NATIONAL PETITION OF SOLIDARITY AGAINST GOOGLE & YOUTUBE CENSORSHIP,**

... and speeding it back with your **most generous financial gift of \$35, \$50, \$100, \$250, \$500, or more right away.**

Your generous gift will help fund not only our legal efforts to defend free speech online, but our continued work to reach every single American with the timeless values that have made our nation the greatest in the history of the world.

PragerU is America's largest megaphone for conservative principles to the youngest generations.

With your generous partnership, we can change the course of American history by restoring our timeless values for generations to come!

Please, don't wait another moment. Speed back your signed petition, along with your generous gift of \$35, \$50, \$100, \$250, \$500, or more.

I eagerly await your response. Please make it soon!

Thank you, and God bless you.

For truth,

Dennis Prager
Founder, PragerU

P.S. **YouTube's** censorship of **PragerU** videos is proof that our work is making a difference in the future of our nation! I hope and pray that you will stand with us as we fight to defend free speech online and to expand the reach of conservative principles to the next generation. Please sign the **NATIONAL PETITION OF SOLIDARITY AGAINST GOOGLE & YOUTUBE CENSORSHIP** right away, and speed it back with your generous and much-needed gift of **\$35, \$50, \$75, \$100, \$250, or more.** Thank you, and God bless you!

NATIONAL PETITION OF SOLIDARITY

Against Google & YouTube Censorship

TO: Dennis Prager, Founder,
PragerU

Dear Dennis:

I, _____, stand with you in your historic, nation-shaping legal battle against internet censorship of conservative content by Google-YouTube!

As the world's largest information repository, Google and YouTube have an obligation to allow and foster the free exchange of all ideas on the internet, not just liberal ones they already agree with.

PragerU's mission is to educate America's youth on the principles of economic freedom, American exceptionalism, personal liberty, and a strong national defense.

Blocking PragerU videos is a blatant act of censorship, possibly driven by fear of the exploding popularity of your five minute videos, viewed by tens of millions of young Americans.

Moreover, it is part of a larger movement among Silicon Valley tech companies and social media platforms to suppress and silence conservative voices like yours – a movement which poses a grave danger to the survival of our culture and values.

I, a freedom-loving American, am committed to doing my part to enable PragerU to fight back and win against this leftist censorship, keep the Internet open for teaching our nation's great conservative principles, and defend free speech for all Americans!

To victory!

PERSONAL REPLY TO DENNIS PRAGER — FOUNDER, PRAGER UNIVERSITY

Dear Dennis,

I'm with you! This anti-conservative censorship by Google's YouTube is bad not only for PragerU, but also for all conservatives, all young people, and all Americans!

If these powerful liberal corporations can get away with blocking your great teaching videos and controlling what Americans can and cannot see online, there's no limit to who they can silence and what they can ban.

Therefore I support PragerU's historic nation-shaping lawsuit against Google, along with your continued work to reach every American with conservative principles. I will do my part to help you continue spreading these timeless values so that all Americans, especially young people, can return to the founding truths that have made America the greatest nation on earth.
