# "Barack Obama just announced he's running for President against Donald Trump."

Can you imagine turning on the television or radio and hearing the horrifying news that Barack Obama just announced he's running for President again, this time against Donald Trump?

Left-wing radicals across the country would take to the streets in celebration of their chance to crown Obama as King and usher in his decades-long despotic, socialist regime that would destroy the America you and I know and love.

As a patriotic conservative, I'm sure your immediate response to hearing about Barack Obama running for President again was:

**"WAIT! He can't do that!"**

And thankfully, you're absolutely right. This nightmare scenario can't happen since Congress passed the 22nd Amendment to the U.S. Constitution, *which limits Presidents to two terms.*

My Fellow Patriotic American,

Can you imagine turning on the television or radio and hearing the horrifying news that Barack Obama just announced he's running for President again, this time against Donald Trump?

Left-wing radicals across the country would take to the streets in celebration of their chance to crown Obama as King and usher in his decades-long despotic, socialist regime that would destroy the America you and I know and love.

As a patriotic conservative, I'm sure your immediate response to hearing about Barack Obama running for President again was:

***"WAIT! He can't do that!"***

And thankfully, you're absolutely right. This nightmare scenario can't happen since Congress passed the 22nd Amendment to the U.S. Constitution, *which limits Presidents to two terms.*

But let me ask you: if the thought of decades-long rule by a radical Leftist like Obama scares the living daylights out of you...

**...then why don't you have the same horrified reaction when you hear that House Speaker Nancy Pelosi is running for her 18th term in Congress?**

Especially considering that Pelosi is one of the most powerful politicians in America, and she has just as much, *if not more,* control than the President over the issues that matter most to YOU!

If **Term Limits** are a good idea for the Presidency, then why would they *not* be a good idea for Congress? In fact, if you really think about it...

## If Anyone Should Have Term Limits, It's Congress

After all, it is Congress - not the President - who's to blame for the biggest threats facing our Great Nation:

- ❌ **Out of Control Deficit Spending** that's jeopardizing America's sovereignty by keeping us indebted to countries like China, *who owns more U.S. debt than any other foreign country*
- ❌ **Skyrocketing Federal Debt** that's driving America right over the financial cliff. This February, America crossed the critical "tipping point" at which our public debt will rapidly eradicate economic growth and destroy GDP
- ❌ **Over-Regulation and Red Tape** that's stifling innovation, suffocating small businesses, and crippling our economy
- ❌ **Rampant Corruption and Cronyism** that's auctioning off our country, our freedom, and our way of life to the highest bidders

**When you hear that something is "broken" in Washington, it's likely Congress that broke it**

Our nation's entire political process has been hijacked and corrupted by powerful, career politicians like the "Queen of Graft" Nancy Pelosi (32 years), "Gun Grabber" Dianne Feinstein (27 years), and "Mad" Maxine Waters (28 years).

This **permanent political class** runs Capitol Hill with an iron fist, *living like Kings off our taxpayer dollars and governing like bullies over their empire of lies.*

These crooks have invaded Washington to serve themselves, *not the American people...*

...and they're quite literally **selling out** our values and our country to the

**House Speaker Nancy Pelosi** funneled over \$900 million to "improve" certain San Francisco neighborhoods where she owned property, *skyrocketing the value of her own real estate holdings*

highest bidder for their own personal and political gain.

This infestation of morally-bankrupt, career politicians has so thoroughly infected every facet of our political system with their **culture of corruption, lies, and hate** that...

**...they're on the verge of tearing America apart forever.**

**These corrupt, career swamp creatures have the power to DESTROY AMERICA, but none of the character, integrity, or patriotism required to prevent them from doing so.**

And the longer they "serve," the more corrupt they become!

---

*"All of the cases of corruption and bribery that I've seen, unfortunately, come from more senior members. This is just one of many reasons why we should have term limits in Congress."*

**- Former U.S. Senator Jim DeMint**

---

**That's why it's critical you sign and return the enclosed **Make Congress Great Again with Term Limits** petition today.**

Now, I know you may be thinking...

## **Why Don't We Just Vote Them Out?**

Sounds easy enough, right? Actually, it's nearly IMPOSSIBLE to defeat an incumbent, *especially a deeply-entrenched, career politician like Nancy Pelosi who's spent her entire adult life in the Washington swamp...*

...because they've **RIGGED** the entire system so they can pick the winners and easily maintain their stranglehold on power for as long as they want.

**That's why 95% of incumbents are reelected despite Congress' absolutely**

**"Mad" Maxine Waters** has earned a reputation for abusing her power to enrich family members to the tune of millions of dollars, and it continues unabated despite numerous investigations, ethics violations, and charges

## abysmal **17% approval rating!**

The old Cold War-era joke that Congress has higher reelection rates than the Soviet Union's Central Committee is truer now than ever before.

To put that into perspective: hemorrhoids enjoy a higher approval rating than Congress, but unlike Congress, I can't see Americans electing to keep their hemorrhoids if they had a choice.

The entire game is RIGGED to stop the American People from simply voting incumbents out of power. That's why we must...

## **Pass Term Limits to Drain the Swamp**

The only way to **Drain the Swamp** and end the vicious cycle of corruption in Washington DC is to pass Term Limits of 3 terms for Representatives (6 total years) and 2 terms for Senators (12 total years).

---

---

*"It's time to drain the swamp in Washington, DC.  
I'm going to push for a Constitutional Amendment  
to impose Term Limits on all members of Congress."*

**- Donald J. Trump**

---

---

But to pass Term Limits, I need you to sign and return your **Make Congress Great Again with Term Limits** petition immediately. Your signed petition will be sent to your Representative and both of your Senators demanding they help pass Term Limits immediately.

**Right now, there are more than 80 sitting Congressmen and Senators already pushing for Term Limits...**

**Ted Cruz** ✓  
@tedcruz

I supported term limits before I was elected to the Senate, but I have to say, having spent six years here, having seen firsthand what happens in the United States Congress, I now support term limits a thousand times more:

7:20 AM · Feb 25, 2019

...but you and I both know that most DC swap politicians will NOT vote against their own personal best interests.

That's why your **Term Limits** petition includes a **Grandfather Clause** exempting those who vote for it from its effects. This exemption will eliminate their opposition, *making it much easier for them to vote "Aye."*

This exemption will boost our chances of passing Term Limits — but only with **your signed petition** to help apply the pressure needed to “convince” Congress to support it.

But that's not all. Because one of our biggest hurdles is getting a floor vote on Term Limits, my team and I will also forward a copy of your signed petition to...

- ❑ **President Trump** urging him to turn up the heat on Congress to force a vote on Term Limits immediately
- ❑ **Senate Majority Leader Mitch McConnell** insisting he keep his promise to allow the U.S. Senate to vote on Term Limits
- ❑ **House Speaker Nancy Pelosi** demanding she give the American people what they want by putting Term Limits up for a vote

Your signed petition will remind McConnell and Pelosi that with Congress' approval ratings near all-time lows, rapidly growing discontent, and a major election around the corner...

...they can no longer afford to ignore the American People and have NO choice but to allow a vote on Term Limits.

**And with an astonishing 82% of Americans, 80+ Senators and Congressmen, and President Trump all supporting Term Limits...**

**We May Never Have  
a Better Chance to  
Pass Term Limits  
than Right Now**

**Key Points**

- ★ Limit House to 3 terms totaling 6 years
- ★ Limit Senate to 2 terms totaling 12 years
- ★ **Exempt current members, so they'll actually vote for it**

 **Donald J. Trump**   
@realDonaldTrump 

I recently had a terrific meeting with a bipartisan group of freshman lawmakers who feel very strongly in favor of Congressional term limits. I gave them my full support and endorsement for their efforts. #DrainTheSwamp

So please sign your **Make Congress Great Again with Term Limits** petition today to help ratchet up the pressure on Nancy Pelosi, Mitch McConnell and the rest of Capitol Hill.

I'm not going to lie to you like the politicians in Washington DC — **just signing your petition isn't going to be enough to win this fight.**

So when you return your signed petition, I'm really hoping you'll include a donation of at least \$32 in symbolic protest of Nancy Pelosi's 32 years in Congress!

Or perhaps you want to do more? Gifts of \$60, \$82, \$250, \$500, \$1000 or more will help...

### **Pass Term Limits for Congress and Drain the Swamp, before it's too late!**

It's going to take every patriot we can get to apply enough pressure to force a vote on Term Limits and get it passed, and your most generous donation is critical to help...

- Run billboards, radio, and online advertising to recruit as many patriotic Americans like you to this fight so we can flood Congress with Term Limit petitions
- Blanket the DC Swamp with ads supporting Term Limits so the swamp-dwellers will see them everywhere they lurk, *from airports and subway stations to their favorite restaurants and bars*
- Run ads and publicity campaigns in specific regions, cities, and districts to apply pressure to key Congressmen and Senators
- Continue to help elect selfless, Constitutional conservatives who support Term Limits, defend the Constitution, and fight to save America from the tax-and-spenders in both parties

**We know exactly what we need to do and how to do it, but there's just**

one problem...

**...we can't do anything without your support today.**

Your donation will determine how many ads we can run, how long we can run them, and how much pressure we can apply to pass Congressional Term Limits before it's too late.

So before you decide how much to give, ask yourself how much you'd give to save America from corrupt, career politicians like Nancy Pelosi and pull the plug on the DC Swamp once and for all.

*The time for congressional term limits has finally arrived..."*

**- President Trump**

Remember, with Congress' abysmal approval ratings, rapidly growing discontent with lawmakers, President Trump's support, an upcoming election, and more support for Term Limits than ever before...

**...we may never again have a better chance to pass Congressional Term Limits than RIGHT NOW!**

So please sign and return you **Make Congress Great Again with Term Limits** petition along with your most generous donation today.

Thank you, in advance, for joining the fight for Term Limits.
