

We Demand a Vote on Term Limits!

U.S. SENATOR TED CRUZ

Dear Fellow American,

I just introduced Senate Joint Resolution 2, the U.S. Term Limits Amendment, in the U.S. Senate.

The American people are fed up with professional politicians. President Trump supports term limits. House Speaker Paul Ryan is on board, too.

Now I need YOUR help to make term limits the most talked about issue in America. We must impose term limits on the U.S. House and Senate.

So, please do two things for me right away:

First, immediately sign and return the enclosed U.S. Term Limits "I Support Term Limits" open letter to the national media.

The entrenched special interests in Washington hate term limits. We need to rally the American people and demand that imposing term limits on the House and Senate be top priority in Washington.

Second, please send in a contribution of \$15, \$20, \$25, \$50, \$100 or whatever you can afford right away to help U.S. Term Limits pass this historic amendment.

With my help, U.S. Term Limits has launched one of the most ambitious and determined efforts ever to pass term limits for Members of Congress.

We're fighting on Capitol Hill to pass my Term Limits Amendment.

However, the special interests have managed to bottle up our legislation in the Senate. They are desperately trying to quietly kill the Term Limits Amendment before the American people take notice.

According to a recent public opinion poll a whopping 74% of voters support term limits while only 13% oppose them.

Not printed or mailed at taxpayer's expense.

Over Please

They are tired of professional politicians raising taxes, bailing out campaign contributors, and looting the U.S. treasury to pay off special interests.

Taxpayers want to rein in these politicians. They want ordinary Americans who will only serve for a short time, to take office, solve our problems and then go home.

And that is where you and U.S. Term Limits can get results.

I need to rally those 74% of Americans and raise Cain on this issue.

I need to harness the outrage of the American people, and slapping term limits on members of the House and Senate is a top priority.

Together we can win this battle. We've never, ever been this close to passing term limits on Congress before.

Our strategy is very simple.

Right now, while the American people are riled up and are ready to "drain the swamp," we need to strike.

The good folks at U.S. Term Limits want to swamp the national media with these open letters.

We need to force the liberal media to report on our bi-partisan movement and make it politically impossible for the bureaucrats, lobbyists and special interests to keep blocking a vote on term limits.

Meanwhile, out in the states, U.S. Term Limits' grassroots organizers are working overtime to go around Congress and convince the states to call for the Term Limits Convention.

If we can't force the House and Senate to do what is right, we'll have the states do it for them!

Right now the goal of too many politicians is to simply get reelected time and time again. They manipulate the election laws and misappropriate your tax dollars to make sure they do.

Limiting the terms of office of Members of Congress must be our nation's number one priority.

However, we are fighting an entrenched government-loving corrupt political establishment that loves professional

politicians.

To win this fight I need you and thousands and thousands of other term limits supporters across the nation to sign and return the "I Support Term Limits" open letter right away.

The ONLY way to get term limits for Congress is for you and me and ordinary Americans to fight and fight hard.

Your petition and thousands and thousands of other petitions from all across America will show the media we mean business.

It will show them that the American people - Republicans, Conservatives, Democrats and independents are united on this one key issue.

If I collect enough signed letters, and if we ratchet up the public pressure enough, we'll get term limits.

So, in addition to returning your signed letter to my partners at U.S. Term Limits, please also include a generous contribution of \$15, \$20, \$25, \$50 \$100 or whatever you can afford right away.

On top of this open letter campaign, USTL is fighting like crazy in the states to bypass Congress and impose term limits through the Term Limits Convention.

Term Limits is too important an issue to rely simply on one strategy. That's why U.S. Term Limits is working hard in BOTH D.C. and at the grassroots!

However, as I told you at the start of my letter - NOW IS THE TIME TO ACT!

I've been battling for term limits since I joined the senate in 2013.

And USTL has been fighting to rein in the professional politicians since 1992.

Today, however, I have never before seen the American people so angry.

It is time for term limits for Congress.

Please sign and return your open letter right away.

And please include a generous contribution to help USTL

fight for term limits in Washington and in the states.

You and I have an historic opportunity. An opportunity to take back our country from career politicians. An opportunity to return citizen-led government to our nation's capital.

Please join help me in this crusade.

Thank you in advance for your support.

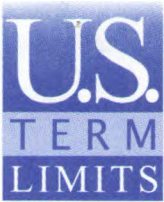

Yours for a Better America,

Ted Cruz
United States Senator
Texas

P.S. Please sign and return your "I Support Term Limits" open letter to the U.S. media. We must make imposing term limit on Congress a top priority.

And along with your signed letter, will you please help my friends at U.S. Term Limits by sending in a generous contribution of \$15, \$20, \$25, \$50 \$100 or whatever you can afford right away?

We Demand a Vote on Term Limits!

Dear Senator Cruz,

We must force the Senate to vote on term limits. The professional politicians are blocking a vote on the Term Limits Amendment and defying the will of the people. Enclosed is my signed petition demanding a vote on term limits.

Additionally, to help you and U.S. Term Limits to continue to fight for term limits for Congress in D.C. and across America I am enclosing my most generous contribution to US Term Limits in the amount of:

\$20 \$25 \$50 \$100 \$250 \$500 Other: \$ _____

Please make checks payable to: **US Term Limits**

To contribute by credit card, please check here: and complete the form on the back.
Because we lobby Congress on your behalf your contributions are not tax deductible.

Vote on Term Limits Now

Petition for Senate Majority Leader Mitch McConnell

Whereas, Congress approval ratings are at an historic low point; and

Whereas, The American people no longer trust career politicians who run for reelection over and over again; and

Whereas, Members of Congress seem to care more about pandering to campaign contributors and special interest groups than in representing their constituents; and

Whereas, Election rules and government power have been perverted so that it has become almost impossible for the people to vote their elected representatives out of office;

Whereas, 74% of the American people support term limits;

Now, Therefore, Be It Resolved, That I do hereby support Senate Joint Resolution 1, which will limit the terms of office of U.S. Representatives and U.S. Senators and demand that the United States Senate immediately vote on this crucial legislation.

Respectfully: _____ Date: _____
