

Puerto Rico statehood means:

- **Billions** paid in welfare payments
- Democrats get additional **far-left** Senators & Congressmen
- The U.S. becomes **“bilingual”** by law at your expense
- We **inherit** high crime rate, drug smuggling & terrorist groups

Are there any benefits to making Puerto Rico a state... NO!

**U.S. BORDER SECURITY COUNCIL
STOP PUERTO RICO STATEHOOD!**

Dear Fellow American,

The Democrats are trying to force Puerto Rico statehood on us again!

They've put forward a new bill -- H.R. 260 in Congress, the "Puerto Rico Statehood Act" -- to ram statehood through, and fully intend to reintroduce in the 116th Congress.

They got 110 Members of Congress to co-sponsor this dangerous bill in the previous 114th Congress. Now they're at it again. Make no mistake, the liberals who back Puerto Rico statehood will **never** give up!

We don't have much time to avert this catastrophe. So please find a pen right now and take these two emergency steps:

- ★ 1) Sign your STOP PUERTO RICO STATEHOOD petition telling Washington you oppose Puerto Rico Statehood and any and all attempts to make Puerto Rico a state.
- ★ 2) Rush your urgent petition back to me with a much-needed donation of \$15, \$20, \$25, \$50 or even \$100. I've circled the amount I'm hoping you can give on your reply form.

Democrats love the idea of Puerto Rico statehood because it means they would get two **far-left** Senators who would vote for their open borders, pro-illegal immigration agenda.

Statehood could also **take away** 6 to 8 Congressmen from states like New York, Ohio, Pennsylvania, Iowa, Michigan, and Missouri -- and give them to Puerto Rico.

And making Puerto Rico a state will put a dagger through English as our country's language.

Puerto Rico statehood would make the United States a **PERMANENTLY** bilingual nation. Are you ready to start speaking SPANISH every day?

Puerto Rico statehood isn't just a disastrous idea that's waiting to happen -- if Democrats in the House get their way, it **IS** happening.

It doesn't matter to them that the majority of Puerto Ricans have consistently rejected becoming the 51st state in our Union. In 1993, 1998, and 2012 Puerto Rico held referendums on the issue, and statehood LOST.

But these votes don't matter now because all the Democrats see is
Over, please. . .

Not affiliated with any government agency

the raw political power they would get from making Puerto Rico a state.

But the plain truth is that Puerto Rico is too different from the rest of America to be a good fit.

As a Spanish-speaking people, Puerto Ricans don't share in our common heritage of English common law, or the founding documents of the Constitution and the Declaration of Independence that are written in the English language.

And if Puerto Rico becomes a state, Spanish would automatically become the second language of the United States.

All the business of government would have to be conducted in English and Spanish.

That will cost you and me **BILLIONS OF DOLLARS** alone!

Making Puerto Rico a state, with its massive debt, would be a huge drain on the U.S. Treasury and your pocketbook in many other ways.

First off, the average income of Puerto Ricans is less than **HALF** that of our poorest state. That makes Puerto Ricans eligible for **BILLIONS** of dollars in new welfare payments and flat out wealth redistribution.

And Puerto Rico's infrastructure, internal facilities, and environmental quality fall well below America's much tougher standards. That means we will have to spend **BILLIONS** more to bring them up to code.

There's not a single upside to making Puerto Rico a state -- unless you're a liberal Democrat who cares more about votes and the party machine than what's actually good for the country. But that's not stopping the Democrats. And that's why you must take these two urgent steps right now.

First: Sign and date your STOP PUERTO RICO STATEHOOD petition calling on Congress to reject any attempt at Statehood.

Second: Find your checkbook and write a check for a much-needed donation of \$15, \$20, \$25, \$50 or even \$100 to the U.S. Border Security Council.

Democrat politicians know that openly embracing Puerto Rico statehood at the same time they are pushing for amnesty would open up a can of worms.

But, when he was President, Barack Obama not only left Puerto Rican statehood on the table, he wrote a letter to the Governor of Puerto Rico supporting the same type of process the Democrats are promoting now to make it a state.

President Trump must shut this down right now!

Next page, please. . .

But support for Puerto Rico statehood is even in the official Republican Party platform. Puerto Rico statehood is inching closer to reality every minute!

And this bill is on a fast track to pass -- my sources tell me that when reintroduced, that in the next 90 days they'll go into overdrive to get this bill passed. It may soon be debated on the floor of the U.S. House.

Remember: the majority of Puerto Ricans don't want to become a state.

One of the most violent domestic terrorist groups in American history was the Puerto Rican terrorist group "Armed Forces of National Liberation" (also called "FALN" which launched a nationwide bombing spree in the 1970s to obtain Puerto Rican independence.

They killed and injured American citizens in pursuit of their radical agenda.

And let's not forget that Puerto Rico is dangerous -- **more police officers were killed on this tiny island than were killed in the states of Florida and New York combined.**

Most murders in Puerto Rico are related to international drug smuggling -- **if we make Puerto Rico a state, it will open up a new floodgate for drugs into our country, maybe worse than Mexico.**

And Puerto Ricans hate the American military. Just a few years ago protests against a Navy base in Puerto Rico **turned violent and the Navy was forced to close the base permanently.**

Puerto Ricans don't want to be a state. But that's not stopping the Democrats and the wolf-in-sheep's-clothing "Republican" from Puerto Rico who introduced this new bill!.

They want to ram this through Congress because it would strengthen their open borders, pro-illegal immigration, pro-amnesty positions.

And they're right.

If Puerto Rico becomes a state, there will be two more extremely liberal Senators, 6 to 8 more extremely liberal Congressmen, and a 51st state so poor that it will require massive welfare and wealth transfers -- handouts!

By rushing back to me your signed STOP PUERTO RICO STATEHOOD petition, you and I can begin to turn the tide and stop this rush to madness.

Your petition and gift of \$15, \$20, \$35, \$50 or even \$100 means more than you can imagine. This campaign to stop Puerto Rico statehood will be expensive, and you and I have very little time.

To win this fight I must drop what I'm doing and turn on a dime

Over, please. . .

to print thousands of petitions, mail them, collect them, open them, sort them, tabulate them, and finally deliver them to your Congressman to show him the American people's outrage at this betrayal in the making.

Our goal?

It's to bury Congress under your petitions, to show that the American people won't stand for having what should be a foreign nation forced on us as our 51st state.

Only if I can show Congress -- and your U.S. Representative in particular -- an avalanche of petitions against Puerto Rico statehood will your voice and mine be heard.

So here's what you must do right now.

- 1) Sign your urgent STOP PUERTO RICO STATEHOOD petition right now -- it will give me the ammunition I need to take on The Puerto Rico Statehood Act..
- 2) Rush it back to me with a much-needed emergency donation of \$15, \$20, \$35, \$50 or more. I've circled what I hope you'll be able to give on your reply form.

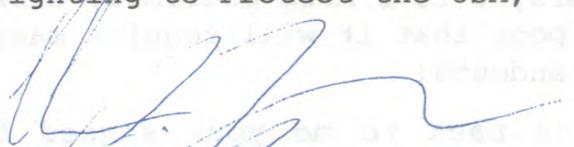

Puerto Rican statehood is no longer a dream -- it's quickly becoming a reality -- a nightmare, in fact.

On the day Puerto Rico becomes a state...

- ... Spanish will become the second "official" language of the United States...
- ... Congress will lurch to the left as two new liberal Senators and 6 to 8 new liberal Congressmen are sworn in...
- ... and you'll be facing a massive tax hike so you can send your money to this impoverished island as "welfare."

The stakes are too high for you to sit on your hands.

Fighting to Protect the USA,

C.A. Lyles
National Spokesperson

P.S. The liberals are serious about making Puerto Rico a state. I need you to act today by 1) signing your urgent STOP PUERTO RICO STATEHOOD petition and 2) rushing it back to me with a donation of \$15, \$20, \$35, \$50 or more. Thank you!

_____**STOP PUERTO RICO STATEHOOD!**

Dear C.A. Lyles,

I don't want Puerto Rico to be a state -- and most Puerto Ricans don't want it, either! We must stop the Democrats from foisting this outrage on us. I understand that 110 Congressmen lined up as co-sponsors of H.R. 727 in the 114th Congress, trying to put Puerto Rico on the path to statehood. Now they're back at it with a "Republican" sponsor. They want Puerto Rico to be our 51st state that badly. But if the American people rise up and say "NO" we can beat back this disaster-in-the-making.

I've signed my enclosed STOP PUERTO RICO STATEHOOD petition demanding that Congress reject and refuse to pass H.R. 260 in the current 116th Congress.

To help process my petition, and to further the work of the U.S. Border Security Council, I'm making out a donation check in the amount of:

I'm counting on you to give this amount today!

- I can't donate this time, but I've enclosed a check for \$10 to process my petition

Stop Puerto Rico Statehood

For U.S. Representative Ralph Abraham of the State of Louisiana

Whereas, Members of Congress are pushing a bill, H.R. 260 in the 116th Congress, to put Puerto Rico on the "fast-track" to statehood;

Whereas, Puerto Rico statehood would automatically make Spanish the second official language of America, put two new liberal Senators and 6 to 8 new liberal Representatives in Congress, and cost BILLIONS of dollars in "welfare" to be sent to this impoverished island; and

Whereas, Puerto Rico statehood is massively unpopular with Americans and with Puerto Ricans by wide majorities;

Therefore, I call on you, as my U.S. Representative, to publicly oppose and vote against H.R. 260, or any bill like it in the 116th Congress that would put Puerto Rico on the path to statehood -- do this for the good of the American people.
