

The real reason the Democrats were terrified of Hunter Biden's testimony? He could tie the Obama Administration to the communist Chinese regime.

EVIDENCE ENCLOSED

Where is Hunter Biden? He has disappeared while the Fake News protects his Crooked daddy!

Dear Fellow Conservative,

Is Hunter Biden a tool of the Chinese communist government?

You read that right, I said **China**, not Ukraine.

Obviously, Hunter Biden's devious Ukrainian business dealings are more well known. Burisma, a corrupt Ukrainian energy company, paid Biden a wild salary of hundreds of thousands of dollars -- A MONTH -- to sit on their board, and do God only knows.

But his shady history in China is far more problematic.

Evidence is mounting that that Hunter Biden and John Kerry's stepson, Christopher Heinz, were leveraging their fathers' positions in the Obama Administration to get rich, at the expense of the United States.

How did they do it?

In 2013, Hunter Biden rode with his father, the then-Vice President, on Air Force Two on an official U.S. Diplomatic trip to China. Just two weeks later, he and Kerry's stepson registered their Chinese investment firm, Bohai Harvest RST (BHR Partners).

Since then, their firm has invested over \$2.5 billion into an array of industries including energy, technology, and artificial intelligence companies.

One of the key stakeholders in BHR Partners is the Bank of China which serves the interests of the Chinese Communist party.

So, like I said, Hunter Biden's actions on behalf of a corrupt oil company in Ukraine are shady at best.

And while President Obama hasn't occupied the Oval Office in over three years, lasting damage was done when he turned a blind eye to clear conflicts of interest -- if not worse -- allowing America's fiercest adversary to become stronger than ever before.

This is why the United States Justice Foundation is so important.

We simply refuse to let corrupt actors within the Obama Administration to walk scot-free. We've already seen them get away with far too much (Benghazi, Fast and Furious, IRS Targeting), and -- **WE'RE SICK OF IT!**

My friend, I hope you're sick of this abuse of power too. If so, I need you to do two things today before doing anything else.

- ✓ 1) Sign your name on the petition to Attorney General Barr to Investigate The Obama Administration's Ties To China.
- ✓ 2) Rush back your signed petition with a generous donation to the USJF for \$35, \$50, \$100, or even \$1,000, or \$5,000 or more, in the self-address envelope I've included.

Your tax-deductible donation to USJF will allow us to not only collect and process all of the signed petitions we receive, but it'll allow us to take the fight to the Left.

Just imagine the buzz it will create, and the fear it will instill in Obama's cronies. The last thing they want to hear is that hundreds of thousands of signed petitions are flooding in calling for investigations into -- **THEIR ACTIONS!**

These lifelong politicians and bureaucrats think they're above the law, but they're not if USJF has anything to say about it.

There are already rumblings on Capitol Hill that Hunter Biden's actions in China should be further investigated.

However, many of our Representatives and Senators are too concerned about the political ramifications in this post-impeachment environment to launch a serious investigation.

Even worse, there are still too many bureaucrats in the Department of Justice who are holdovers from the Obama Administration.

 But if hundreds of thousands of patriotic Americans like you and me demand an investigation into the Obama Administration's ties to China, they would no longer be able to ignore the obvious.

However, in China it looks like he may have been acting on behalf of Chinese government actors while his own dad was the Vice President of the United States.

→ If all of the evidence is true -- it looks downright treasonous.

Not only does a setup like this allow him and his business partners to sell their influence for profit, but their company has made deals that have helped the Chinese communists directly harm America.

In 2015, Biden's company partnered with a Chinese-government owned aviation company to buy the Henniges Automotive company in Michigan.

Although there were national security concerns surrounding the Aviation Industry Corporation of China, the Obama Administration allowed this deal to go through.

And not long after, that company was busted for hacking into U.S. networks and stealing the designs for American F-35 fighter jets.

Thanks to Obama's Committee on Foreign Investment in the United States approving Hunter Biden's partnership, this company gained a footing in the U.S. -- and then gave the Chinese military our top-secret military plans!

Senator Chuck Grassley has stressed that it's very likely that "conflicts of interest could have influenced CFIUS approval of the Henniges transaction."

Next, in 2014 BHR Partners became an early investor in the Communist government-owned China General Nuclear Power Company (CGN).

Just two years later, the U.S. Department of Justice came after CGN for developing special nuclear material without U.S. permission. In addition, one of their key engineers was hit with conspiracy to act in the U.S. as an agent of a foreign government.

Thanks to BHR Partners, the Chinese Communist government, one of our biggest adversaries in the world, hacked U.S. military plans, made huge strides in nuclear technology, and planted a foreign agent in our own backyard.

* This was all happening under President Obama's nose because the Chinese were smart enough to partner with Joe Biden's son and John Kerry's stepson.

UNITED STATES JUSTICE FOUNDATION

INVESTIGATE THE OBAMA ADMINISTRATION'S TIES TO CHINA

ATTN: ATTORNEY GENERAL WILLIAM BARR

Whereas, the evidence of the Communist Chinese government's ties to Hunter Biden and Christopher Heinz is undeniable; and,

Whereas, their company, BHR Partners, allowed for China to hack U.S. military secrets, plant a foreign agent in the U.S., and even build up their nuclear capabilities; and,

Whereas, all of this happened under the nose of President Obama thanks to the positions within the administration of Joe Biden and John Kerry; and,

Whereas, nobody is above the law in the United States, not even the President.

Therefore, as an American citizen, I call on the Department of Justice to open an investigation into the Obama Administration's ties to the Communist Chinese government.

Respectfully: _____ Date: _____

URGENT REPLY TO CONGRESSMAN J.D. HAYWORTH (RET.)

United States Justice Foundation * PO Box 17628 * Washington, DC 20041

Dear J.D.,

I agree! Hunter Biden and others sold out America's interest to China to line their own pockets. And they did it right in front of President Obama.

It's essential for our country that we restore the rule of law and open an investigation into the full extent of the Obama Administration's corruption. To show my support, I have:

____ Signed my Investigate The Obama Administration's Ties To China petition; and,

____ Made my best contribution possible to the USJF for:

\$35

\$50

\$100

\$500

\$1,000

\$2,500

\$5,000

My Best Gift \$_____

(Credit Card form on back)

United States Justice Foundation has a nonprofit 501(c)(3) classification from the IRS;
YOUR GIFT IS TAX DEDUCTIBLE

And our allies in Washington, D.C. would know that they have the support of our grassroots army...

...because for too long, the liberal elites in DC have scoffed at the rule of law, lining their own pockets while ignoring, or outright sacrificing, America's interests.

I truly believe President Obama led the most corrupt administration, not just in my life, but in American history.

Hunter Biden's actions in Ukraine and China are just the tip of the iceberg. His Chinese partners are responsible for hacking U.S. military secrets, planting a foreign agent in the U.S., and even building up their nuclear capabilities.

And if we can force an investigation into Hunter and BHR Partners, who knows what else we may find.

That's why I need you to do two things immediately.

- • Sign your Investigate The Obama Administration's Ties To China petition to Attorney General Barr.
- • Rush it back to me with a generous tax-deductible contribution of \$35, \$50, \$100, or \$250. If you're blessed enough to be able to afford to send \$1,000, \$5,000 or more, then please do that.

Your petition, coupled with your donation, will give us the muscle to turn up the heat on the Department of Justice and Capitol Hill, demanding an investigation into Hunter Biden, John Kerry's stepson, Christopher Heinz, and the entire Obama Administration.

Every day we wait, is one day closer to another Leftist administration that will sweep these actions under the rug, and a return to more of the same anti-American corruption.

I look forward to hearing from you, so please don't delay.

Sincerely,

J.D. Hayworth

Member of Congress (Ret.)

P.S. I'm sick of our corrupt "ruling class" thinking they can run roughshod on the rule of law in order to line their own pockets. Hunter Biden and Christopher Heinz may have sold out America to get rich, right under President Obama's nose.

If you agree that these corrupt actors need to be held accountable, please sign the enclosed petition today, and rush it back with your most generous tax-deductible donation possible. Thank you for your urgent support!
