

Mike Pence

Vice President of the United States

Dear Fellow Republican,

Will you help us *finish the job*?

Ever since we took office just over two years ago, President Trump and I have worked to put the American people first, and we are proud of what we've been able to accomplish so far:

- Passing historic tax reform and putting *more money in your pocket*;
- Cutting Obama-era regulations that harmed businesses nationwide;
- Presiding over a roaring economy with high wages;
- Fighting to secure the border and keep our country safe from criminals;
- Reforming the VA to give our veterans the care they *deserve*;
- Nominating conservative judges who respect the Constitution; and,
- Moving our embassy to Jerusalem – the eternal capital of Israel.

It's a good list. And we're proud of it. But it needs to be longer.

You've seen how the Democrat Party is getting more and more radical. They're embracing socialism, open borders, late-term abortion, and they are obsessed with insulting, attacking and tearing down our President.

But President Trump is not one to back down. He's never been afraid to "counterpunch," and that is why he asked me to write you and other loyal Republicans so you can help us strengthen our Senate GOP Majority and pass our entire "America First" agenda!

Please join this effort by returning your **Pledge of Support** along with a contribution of **\$1,000, \$500, \$250, \$100, \$50 or even \$35*** (**\$1 for each of the 35 senate seats up for election in 2020**) to the **National Republican Senatorial Committee (NRSC) today.**

Over, please . . .

As I write you this letter, Senator Chuck Schumer of New York is raising an enormous amount of money for the Democratic Senatorial Campaign Committee.

Senator Schumer has always been able to rake in cash for the liberals, but this year they are pulling out all the stops. The lobbying groups on K Street in Washington, the Wall Street donors, the Hollywood moguls and celebrities, the pro-abortion groups, and the “resistance” of angry liberals nationwide . . . they are all angry and desperate to take full power on Capitol Hill.

If they succeed, our pro-America agenda will grind to a screeching halt, and with hard-left Democrats running both the House AND the Senate, our country will suffer from the most extreme policy agenda you and I could ever imagine:

- ✘ **Amnesty** for illegal aliens, abolition of Immigration and Customs Enforcement, and open borders that allow people, human traffickers, and narcotics to pour into our country;
- ✘ **Massive tax increases** that suck more money out of your pockets, harming economic growth and pouring cash into failing government programs and bureaucracies;
- ✘ **Gun grabs** that make it harder for law-abiding citizens to own and carry the firearms of their choice, but that don’t do a thing to make this country safer from violent criminals;
- ✘ **Huge increases in taxpayer funding for abortion**, including late-term abortions on healthy babies who are in the third trimester; and,
- ➔ Then there’s the “Green New Deal,” a proposal sponsored by socialist Democrat Congresswoman Alexandria Ocasio-Cortez (and backed by leading Democrat presidential candidates) for the government to take over virtually every aspect of the American economy.

It calls for elimination of air travel, confiscation of gasoline-powered cars, somehow improving *every single building in America* to make them more “energy efficient,” a federal job “guarantee” and a whole pile of other items that come with trillion-dollar price tags.

Next page, please . . .

And on top of all that is the Supreme Court. When President Trump and I campaigned together in 2016, we promised that you'd get pro-Constitution conservative judges. Promise made, promise kept. In addition to Justice Gorsuch and Justice Kavanaugh, the President has nominated dozens of sterling conservative jurists to lower federal courts, where they will defend our rights and freedoms for decades into the future.

But those judges *wouldn't be there* if Chuck Schumer had been running the Senate. Republicans had to end the judicial filibuster to confirm Justice Gorsuch. And we had to fight off the most vicious smear campaign I've ever seen when we confirmed Justice Kavanaugh.

With Senator Mitch McConnell fighting tooth and nail against the Left, our Republican Senate has been a brick wall of opposition to the Pelosi agenda and a rock-solid supporter of our judges and our Pro-America policies.

Can you imagine what would happen if the Senate was falling in line with Speaker Pelosi's agenda?

It'd be a disaster. You know, when I was serving in the House of Representatives, we considered Speaker Pelosi to be one of the more liberal members of her party. But these days, all these hard-left Democrats look at her as a "moderate." A moderate!

But that's where things are. And that's what we stand to lose, if we allow the Senate Majority to fall into the hands of socialist lawmakers who want the government to have total control over American society (except for the border, they don't want *anything* in control there!).

So you can see why the President wanted me to get in touch with you and other loyal Republicans to ask you to offer your own important gift to the NRSC to strengthen our Majority in the United States Senate.

The NRSC is the campaign arm for all Senate Republicans. Its sole mission is to help elect Republican Senators so it is absolutely vital for this committee to be fully-funded in the fight against Chuck Schumer's Democrats and all the liberal groups that will be attacking us.

As we run for re-election ourselves, President Trump and I want to make sure our GOP friends in the Senate have all the funds necessary to push back against media dishonesty, against false attack ads, and against Senate Democrats who have done

Over, please . . .

everything they possibly can to block our agenda and keep the “DC swamp” in power. So please help.

My friend, it is the honor of a lifetime for me to serve alongside Donald J. Trump. Our President is committed to you and is fighting for your values every day, no matter what the Democrats or their friends in the media do to try and stop him. He is committed to our country’s future and he is anxious to win more victories for the prosperity, safety, and freedom of our great country.

If you want President Trump and I to keep fighting the socialists in the Democrat Party, keep fulfilling our promises to you, and keep winning for the American people, our kids, and our way of life, please:

1. Sign and return your **Pledge of Support** *so I can tell the President that you are with us* in the effort to stop Chuck Schumer from taking over the Senate, and
2. **Include your most generous donation \$1,000, \$500, \$250, \$100, \$50 or even \$35* (\$1 for each of the 35 senate seats up for election in 2020) to the NRSC, helping our Republican Senate candidates take on the liberal money machine in tough races nationwide.**

Thank you in advance, and God bless you!

Sincerely,

Mike Pence

Vice President of the United States of America

P.S. No matter how much you can contribute to the NRSC today — **a donation of \$1,000, \$500, \$250, \$100, \$50 or even \$35* (\$1 for each of the 35 senate seats up for election in 2020)** – please respond *ASAP*. I want to tell President Trump you answered the call.
