**RE: Invitation Enclosed. 48-Hour RSVP requested.**

## Governor Ron DeSantis

Republican - Florida

Dear Patriotic Friend,

Would you do me the honor of joining my **Governor's 2022 Steering Committee** by completing the enclosed RSVP and returning it in the next 48 hours?

It's vital you do. And there's not much time, so I'll cut to the chase.

Unless you were living in a cave for the last two years, you know that the radical left is coming after me with everything they've got. They are as *relentless* as they are *wrong*. And right this very minute they are scheming to stop me and every Republican next year and replace us with individuals who will blindly adhere to their liberal dogma.

If they had won in 2018 (the year I was first elected governor), then things in Florida would be radically different than they are today.

Florida would be looking a lot more like New York and California. But, we blazed a different path.

Instead of lockdowns, mandates, and threatening peoples' jobs...

Instead of forcing young children to wear masks...

Instead of sending COVID patients back into nursing homes...

*...we trusted our citizens, we trusted parents, we protected the vulnerable, we respected freedom, and we respected the Constitution.*

And Joe Biden is having none of it.

In fact, his administration retaliated against Florida by cutting our monoclonal antibody treatments in half (remember, they initially sneered at this therapy and mocked our state, but quickly changed their tune and instituted a federal takeover of dose distribution when they saw its efficacy).

My friend, I don't tell you this to litigate the past. I tell you this to demonstrate that elections

have real consequences.

None more so than 2022.

That's why it'd mean so much to have you on my **Governor's 2022 Steering Committee** to help us elect conservative Republicans up and down the ballot.

So please rush me your RSVP in the next 48 hours to accept my invitation.

I promise you that serving in this capacity will not take much of your time. From time to time, it means I may ask for your input on key issues facing the state and nation, or enlist your help in promoting events like townhalls or meet-and-greets. Above all, it means that you are someone I can count on when all the chips are on the table and the attacks are coming fast and furious.

It's because of dedicated conservatives like you that Republicans won the governorship and strong majorities in the Florida House of Representatives and Florida Senate in the first place --- putting us in this position to be here leading this fight. And thank goodness...

Because, as it stands now, Florida is leading the way when it comes to a whole slate of issues...

- Levying fines of up to \$100,000 per day for Big Tech companies like Facebook, Twitter, and YouTube who censor political candidates.
- Signing the strongest election integrity law in America.
- Developing a civics curriculum that does not poison our children's minds with "Critical Race Theory."
- Standing up against the radical "SOGI" (that's liberal-speak for "sexual orientation and gender identity") agenda that says it's OK for biological males to play on girls' sports teams and use the same public bathroom.

If you've read a newspaper, watched TV, or listened to talk-radio recently then you already know Florida is at the forefront of the most consequential issues facing our country today.

Then again, you might not.

Because, if you're following a mainstream media outlet, the reality is that they long ago ceased being objective reporters of the news. Now, they are actively partisan. What's more, their Big Tech brethren are just as active and just as partisan when it comes to suppressing conservative speech.

They don't even try to hide it.

***Case in point #1:** Last year, YouTube, which is owned by Google, censored a video of*

*a COVID roundtable I held with medical experts from Stanford, Oxford, and Harvard.*

**Case in point #2:** CBS's "60 Minutes" ran an outrageous report attacking my administration for partnering with Publix (the grocery chain) in our vaccine rollout strategy, a report that even Florida Democrats and company officials said was baseless. The truth is the Florida Department of Health and the Florida Division of Emergency Management recommended the partnership.

Of course, the ambush media is never one to let the facts get in the way of a good hatchet job.

I share these two examples with you to show you exactly how high the climb is and how heavy the lift is when it comes to winning against the radical left, the "ambush" media, and Big Tech.

They hate my guts. And, the truth is, they hate your guts, too. They hate everything we stand for.

So we've got to fight back on all fronts. No attack can go unanswered.

This brings me to November 8, 2022.

And why I need you to join my **Governor's 2022 Steering Committee**.

I recently met with my senior party staff and they laid out exactly what it's going to take to win this election.

Simply put...

- Florida has 67 counties and we need to build a grassroots campaign organization in each and every one of them.
- Unlike other states, Florida has multiple media markets and we need to be able to run strong, no-nonsense ads in each and every one of them.
- There are roughly 14.4 million voters in Florida and we need to make sure to get our conservative message directly in front of each and every one of them.

Bottom line?

The budget put together by my senior party staff calls for me to raise \$150 million by November. It's an *enormous* sum. I'd say it's an impossible sum were it not for one key factor... one secret weapon...

*...and that would be patriotic Republicans like you, my friend.*

So, can I count on you to use the enclosed reply envelope to rush a one-time contribution of \$35

to join my **Governor's 2022 Steering Committee**?

And if you can send more than \$35, I'd be enormously grateful. The truth is, we need contributions of every amount... \$50, \$75, \$125, \$250, \$500, \$1,000 or more.

As I said at the start of my letter, time is short and the attacks are relentless.

Whether you can send \$35 or more, please hurry. I need to know if you're in my corner and if you'll join my **Governor's 2022 Steering Committee** today.

Together, we'll beat back these attacks and win in 2022.

But we've got to start laying the groundwork right now, today. Please hurry.

Sincerely,

Governor Ron DeSantis  
(R-Florida)

P.S. You know, I still remember the first time I took the oath of office to defend our Constitution. It wasn't when I became governor or when I represented Florida in the U.S. Congress. It was when I joined the United States Navy.

I think of this oath every day. I'm mindful of it in everything I do and every decision I make. Today it impels me to write you this letter and enlist your help by joining my **Governor's 2022 Steering Committee** today. Will you join me?
