

# BOGNET FOR CONGRESS

Dear Fellow Conservative,

As long as Nancy Pelosi has the majority in Congress, runaway inflation, tax-and-spend government abuse, and Joe Biden's tyrannical COVID mandates will only get worse.

And as long as Pelosi has her lapdog Matt Cartwright representing us here in Northeast Pennsylvania, we will never take back our country for the American people.

Frankly, the Keystone State is now key to saving our entire country, which is why I need your immediate help.

**So I must come ask: Will you donate \$35 to my campaign to defeat vulnerable Pennsylvania Democrat Matt Cartwright in the upcoming midterms?**

If the answer is **YES**, please use the pre-addressed envelope to rush back your donation in the next 3 days.

My name is Jim Bognet, and if you'll give me just a minute of your time, I'll share with you:

- 1) **Why control of Congress hinges on this race**
- 2) **How my life experience makes me qualified to win it**
- 3) **What you can do to make sure I beat Matt Cartwright**

## 1) **Why control of Congress hinges on this race**

Between the Fake News media and Big Tech censors, I know it sometimes seems that Democrats are in total control of America.

But the truth is, it took COVID hysteria, dubious election practices, false narratives and media LIES to give them control of key house districts in the first place.

The results? A narrow majority in Congress, where the difference between Biden's socialist agenda and continuing President Trump's America First legacy is swing districts like this one.

Now, if this district sounds familiar, it should.

Including Scranton, it's always been a district of blue-collar men and women who love their country and love their freedoms. Unfortunately, we also have the "honor" of being Joe Biden's home district – a fact I can tell you the majority of my neighbors (including me!) aren't proud of.

Make no mistake about it. Even the Fake News Media couldn't cover up the protests of his last visit to Scranton, where one of my neighbors described it best:

**"Our country is on its way to hell."**  **UNFORTUNATELY, I AGREE . . .**

My friend, it doesn't need to be this way. **As recent elections in Virginia and New Jersey told us, the American people aren't buying into Biden's Build Back B.S. (Big Socialism, as I like to say) when all we see is rising prices, draconian mandates, and total government control over every aspect of our lives.**

**But to save America, we can't wait until 2024. We must make sure none of these socialist bills make it to his desk in the first place.**

And what better way to do it than defeating one of the most vulnerable Democrats in the country – and in this district no less.

So please, would you consider rushing a \$35 or more donation to my campaign so I can do just that?

But don't make up your mind just yet. Before you invest in my campaign, let me tell you:

 **2) How my life experience makes me qualified to win this race** 

If you don't hear Matt Cartwright's name in the media much, there's a reason. As one of the most vulnerable Democrats in America, the Fake News will do everything they can to protect and cover-up for him – especially now that Biden's poll numbers are plummeting.

That's especially true here in Pennsylvania, where the effects of Biden's war on our jobs and industries stand in stark contrast to everything President Trump fought for.

**I should know. After following in the footsteps of my dad and starting my own small business, I went to work in President Trump's administration creating manufacturing jobs to rebuild America's industrial heartland – something Biden and his Democrats know *nothing* about.**

In fact, I've always supported our conservative values, and Pennsylvania values specifically. It's why, even before I got into politics, I interned for Rick Santorum and worked on Congressman Lou Barletta's campaign.

And it's why, with your help, I'll

→ **Create Jobs:** As the grandson of a coal miner, I know Northeast Pennsylvania was built through hard work, not government handouts. In Congress, I'll push to cut regulations, support small businesses, and create jobs so our children can stay here to work and live.

→ **Protect Our Second Amendment:** Joe Biden and the entire Democratic Party have declared war on our Second Amendment Rights. In Congress, I will work tirelessly to guarantee that law-abiding citizens maintain the right to protect themselves and their families.

→ **Secure Our Elections:** Liberal Pennsylvania Governor Tom Wolf and former Sec. of State Kathy Boockvar used COVID as a way to manipulate our election in 2020. I filed a lawsuit (Bognet vs. Boockvar) and fought them all the way to the Supreme Court, and I'll continue to stand on the frontlines in fighting for stronger voter ID laws and election audits.

Now, you should know, this isn't the first time I've taken on Cartwright.

In fact, I ran against him last year *and came within a few percentage points of beating him.*

**In fact, I was up over 10,000 votes on election night!**

**Now, with Biden's poll numbers tanking, I know the stage is set for me to beat Cartwright.**

Momentum is on my side, and *everything* points to Americans rejecting Democrat control of the House for another year.

But the truth is, I can't win this race alone. I need your help, which brings me to:

### 3) What you can do to make sure I beat Matt Cartwright

**Let me be blunt with you:** Everyone from Pelosi to the DCCC to Biden – who endorsed Cartwright and said he was key to his socialist Build Back B.S. – is shoring up Cartwright's defense for November.

They know the people of this district – which is an “R+5” district according to the experts – aren't going to be fooled twice into voting for a “moderate Democrat.”

They also know that their power to pass socialist legislation collapses without holding

onto districts just like this one, which is why they'll burn millions of leftist campaign cash trying to keep their grip on it.

**Now, I don't need to go dollar-for-dollar with Democrat mega-donors, but I do need campaign funds. Desperately.**

**That's why I'm asking you to rush a \$35, \$50, \$75, \$100 or more kickoff donation to my campaign headquarters at this critical time.**

But remember – this is Biden's home district. And because of that, he's going to be personally involved in trying to keep it in the hands of the left.

So know that, if you can help me fight back with a larger donation – such as \$500, \$1,000, or the FEC maximum \$2,900 – it will go a long way to engaging voters and getting votes out to flip this seat.

But whether you can give \$35 or \$2,900, the most important thing is that I hear back from you right away – within 3 days.

My friend, I know that with each passing day, you and I both feel the effects of Biden's mandates, arrogance, and America *Last* agenda.

But I also know that, with your help, it will get better. *We* will take back Congress. And we will send a message – in Biden's home district – that Americans will not allow our county to fall into tyranny and ruin.

Sincerely,

Jim Bognet  
America First Conservative for Congress (PA)

PS: I'm not just running in Joe Biden's home district, I'm running in one of the most important battleground districts that we **MUST** win to stop his socialist agenda. But to win it, we'll have to overcome the full force of the left's fundraising machine.

Will you help me? I'm asking for your immediate \$35 or more donation to kick my campaign into gear, but I can't do it without your help. Thank you!
