Republican - Ohio

Friday afternoon

Dear Fellow Conservative,

There isn't much time to save our country, so I'll be direct:

We can't rely on two "moderate" Senate Democrats to keep America from falling into tyranny.

And we can't rely on two "moderate" Senate *Democrats* from keeping the IRS from spying on you, the FBI from targeting you, and Dr. Fauci from masking you.

We need America First conservatives in the Senate to keep our country free – and we need America First conservatives in the Senate who will **block** and **stop** this Big Government, Democrat power grab.

**Ted Budd is just that conservative to do it, but he's in a battleground race and needs your immediate help to win.**

**Will you join Ted in stopping these Democrats from controlling the Senate with a \$51 donation to his America First campaign?**

*That's \$51 to deny the Marxist Left a tie-breaking 51st seat in the Senate and give Republicans a road back to the Senate majority.*

Polls show North Carolina could flip to a radical Democrat who'll become the deciding vote in the Senate, and only grassroots patriots like you can stop it.

You can STOP Democrats from flooding the airwaves against Ted.

You can HALT the media's lies and smears against conservatives.

You can GET OUT THE VOTE for his America First campaign.

Will you answer the call?

As I said, Congressman Ted Budd is the fighter we need in the Senate.

**MORE ON MY FRIEND TED BUDD . . .**

He's been one of my best allies in the House for the last five years, fighting for our conservative values on every major issue.

As the owner of a gun store and range in North Carolina, a homeschool father, and a seminary graduate, Ted embodies our conservative values of less government, more prosperity, and never forgetting our faith and families.

It's one of the reasons President Trump endorsed him against his RINO opponents . . .

And it's why, even though I'll be sad to lose his support in the House, I'm proud to support his run for Senate.

**But remember – Democrats are looking at North Carolina as their #1 pickup opportunity.**

**This race, more than any other, could decide the direction of our country.**

And after the Left – including outside groups like Planned Parenthood and Chuck Schumer's personal PAC – spent over 100 million dollars to flip North Carolina's other Senate seat last year, Ted is in for a fight.

Already, Radical Democrats are launching attack ads against Ted.

Already, Radical Democrats are using the mainstream media to spread lies and smears about him.

And already, Radical Democrats are planning what they'll do to our country if they win this race.

I'm counting on you to make sure they never get the chance.

Will you rush back \$51 to help Ted win?

He's had a tough fight with a RINO in the primary and needs every dollar to go up against the Democrat machine in the General.

**Polls show North Carolina could go either way, meaning Ted's race will be a "toss-up" in the truest sense of the word.**

Even CNN has been bragging about this race being one of the top chances Democrats have to "flip" a Republican seat – and without your help, they will.

Of course, if you can't quite give \$51 right now, I understand.

But I'd encourage you to give as much as you can because Ted needs your immediate help.

After all, with Ted's opponent fundraising with politicians in the Socialist Squad, and Democrat Dark Money groups pouring money into SUPER PACs, he's going to need every America First patriot to chip in.

I've always been able to count on Ted in Congress.

Now, I'm hoping I can count on you.

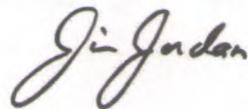

By rushing back your \$51, \$75, \$100, \$250, \$500 or even FEC maximum \$2,900 gift, you're pledging to help a true America First conservative in arguably the most important midterm race of 2022 . . .

And you're making a commitment to help Save America during a time when each day brings another catastrophe from the single most destructive administration in American history.

Thank you for reading this note.

And thank you in advance for your support for my friend Ted Budd.

For love of country,

PS: Control of the Senate could very well come down to North Carolina, where my friend – and conservative fighter – Ted Budd is up against a Radical Democrat with millions of dollars and the full support of the Socialist Squad.

Democrats came within 2 percentage points of flipping North Carolina's other Senate seat last year, and without your help, they'll flip this seat and control the Senate outright. That's why I need you to rush back a \$51 emergency donation to his campaign to STOP this nightmare scenario.

Republican for Senate (NC)

Friday evening

Dear Fellow Conservative,

I wanted to include a note with Jim's letter so you could hear from me directly.

I've been blessed to have his support ever since I ran for Congress as a political outsider in 2016, and I'm indebted to his continued encouragement and well wishes.

While both his and President Trump's support for my campaign help tremendously, the truth is, we still have a fight ahead of us.

And we still need your help.

You see, ever since Joe Biden botched the withdrawal of Afghanistan — stranding Americans and leaving blood on his hands — polls show more voters turning on his administration.

Yet, with two more years of Biden and Harris in charge (hard to believe, I know) the only way we're going to save America before it's too late is by taking back the Senate this November.

At the very least, we cannot allow Schumer's Democrats to win the Senate outright and continue to force their socialist agenda on Americans.

As Jim told you, one of the key states in the battle for the Senate is North Carolina.

Now, North Carolina has always been my home.

In fact, I still live and raise my family on the commercial chicken and cattle farm on which

my parents raised me.

But where my state used to be a reliable Republican stronghold, far-left Democrats have made inroads in North Carolina for the last few years.

Frankly, some of these Democrats openly embrace socialism, including one of my opponents in next year's Senate race.

I don't know about you, but I'm not about to watch these socialists mortgage our country's future without standing up to them.

I know we can still win this fight for the heart and soul of America, but to do it, we need to act quickly. And we need to hold our ground.

I think Jim did a good job telling you what's a stake - so I won't rehash every point he made.

But I will say thank you.

Thank you for your patriotism, faith, and charity. And thank you in advance if you choose to support me at this critical time.

God Bless You and God Bless America,
