Dear Bro. Al,

Just thinking about you this morning and thought I would drop you a quick note. You have written so often when I was not feeling well and it seems I get so far behind on my mail sometimes. I trust that you got everything worked out on your property boundaries there. We have been doing a lot of building here at the Ranch and it continues to grow. Our youngest son, Craig and his wife, have been such a big help in helping us to keep things going. We have a big deaf conference a week from Monday and the summer camps will soon be starting. We teach sign language in May and then have youth camps from the time school is out until they start again in the Fall. It is really a beautiful day here today but it has been an extremely dry Winter. We need rain badly as we had very little snow this winter.

Trust everything is going well there in Louisiana. My wife just found your webpage recently. We have not been on the internet very long and she does not know too much about it. We have not had the time to read very much of it. You sure did put a lot of work into it. We did see our picture. That was sure a surprise. I think we need about a day to absorb it all. The music is really a nice touch on it. You must know a lot about computers and making webpages. It is a masterpiece.

Just wanted you to know we are thinking about you and pray for you.

Sincerely,

Pastor Dean Lang
